Reading Code

GOTO Copenhagen - Oct 3, 2023

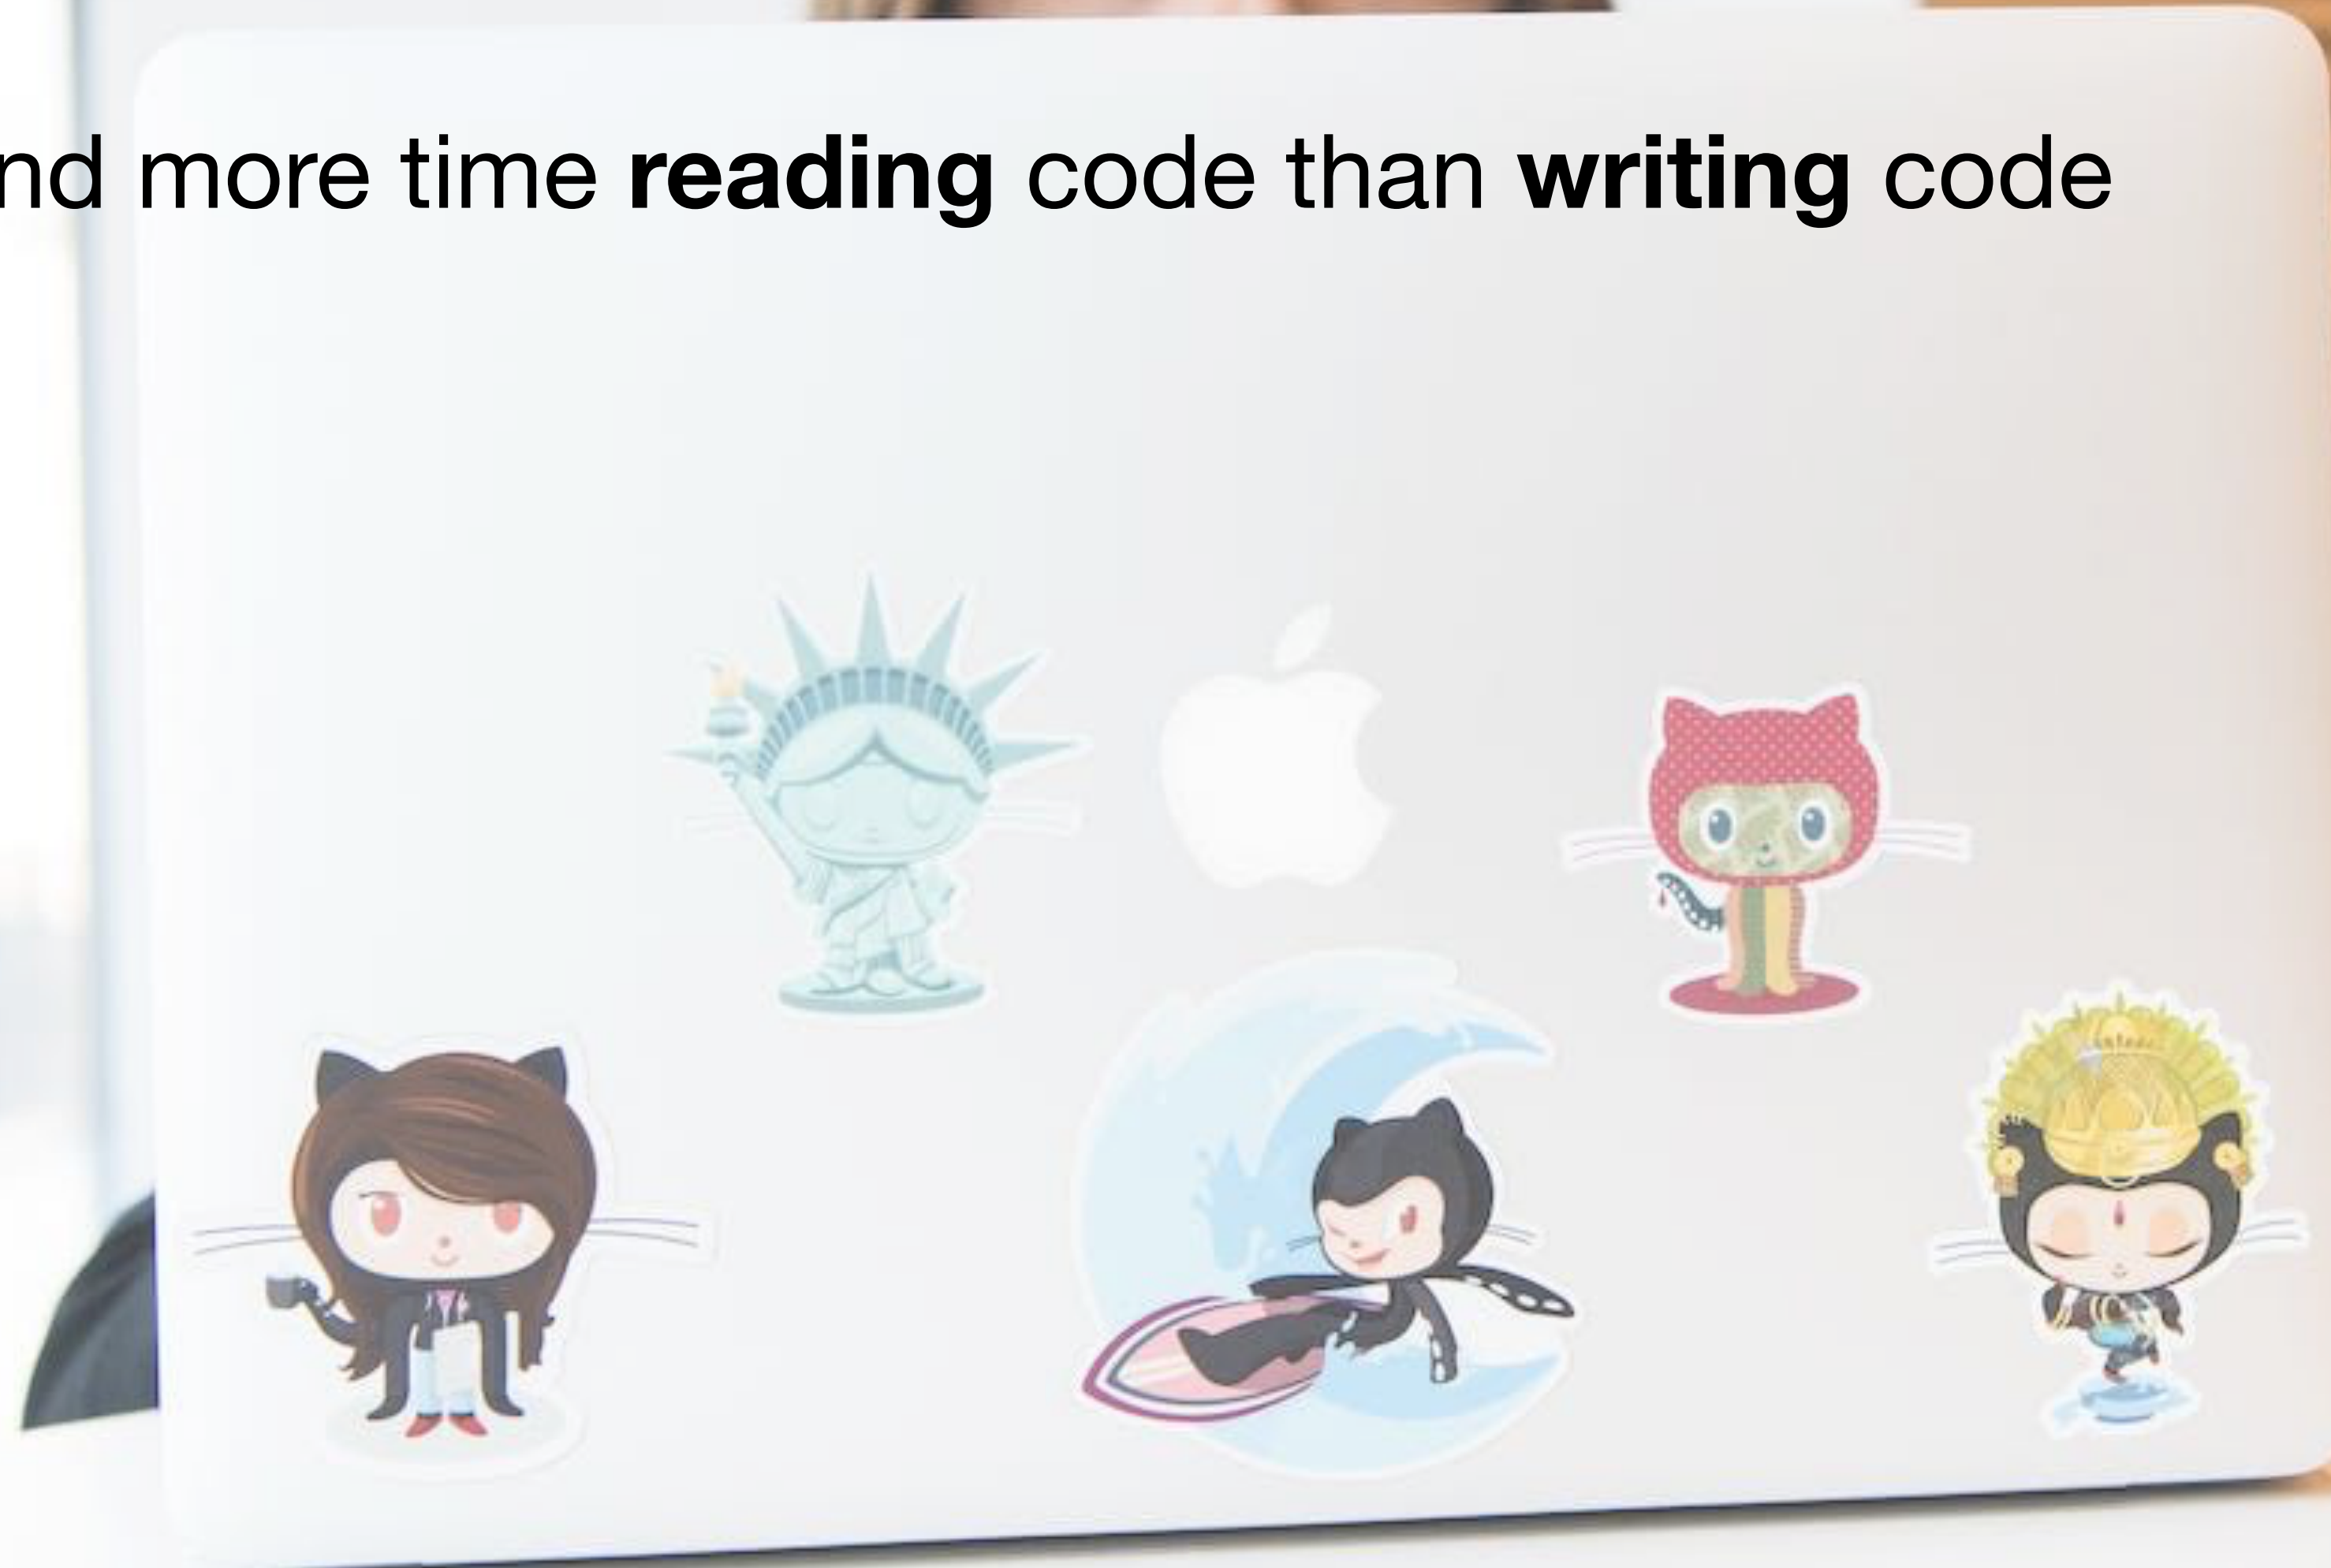

<https://maritvandijk.com/>

Reading Code

Introduction

- We spend more time **reading** code than **writing** code

Reading Code

Introduction

We read code when:

- adding or changing functionality
- fixing bugs
- understanding a new code base
- doing code reviews
- learning new things
- etc.

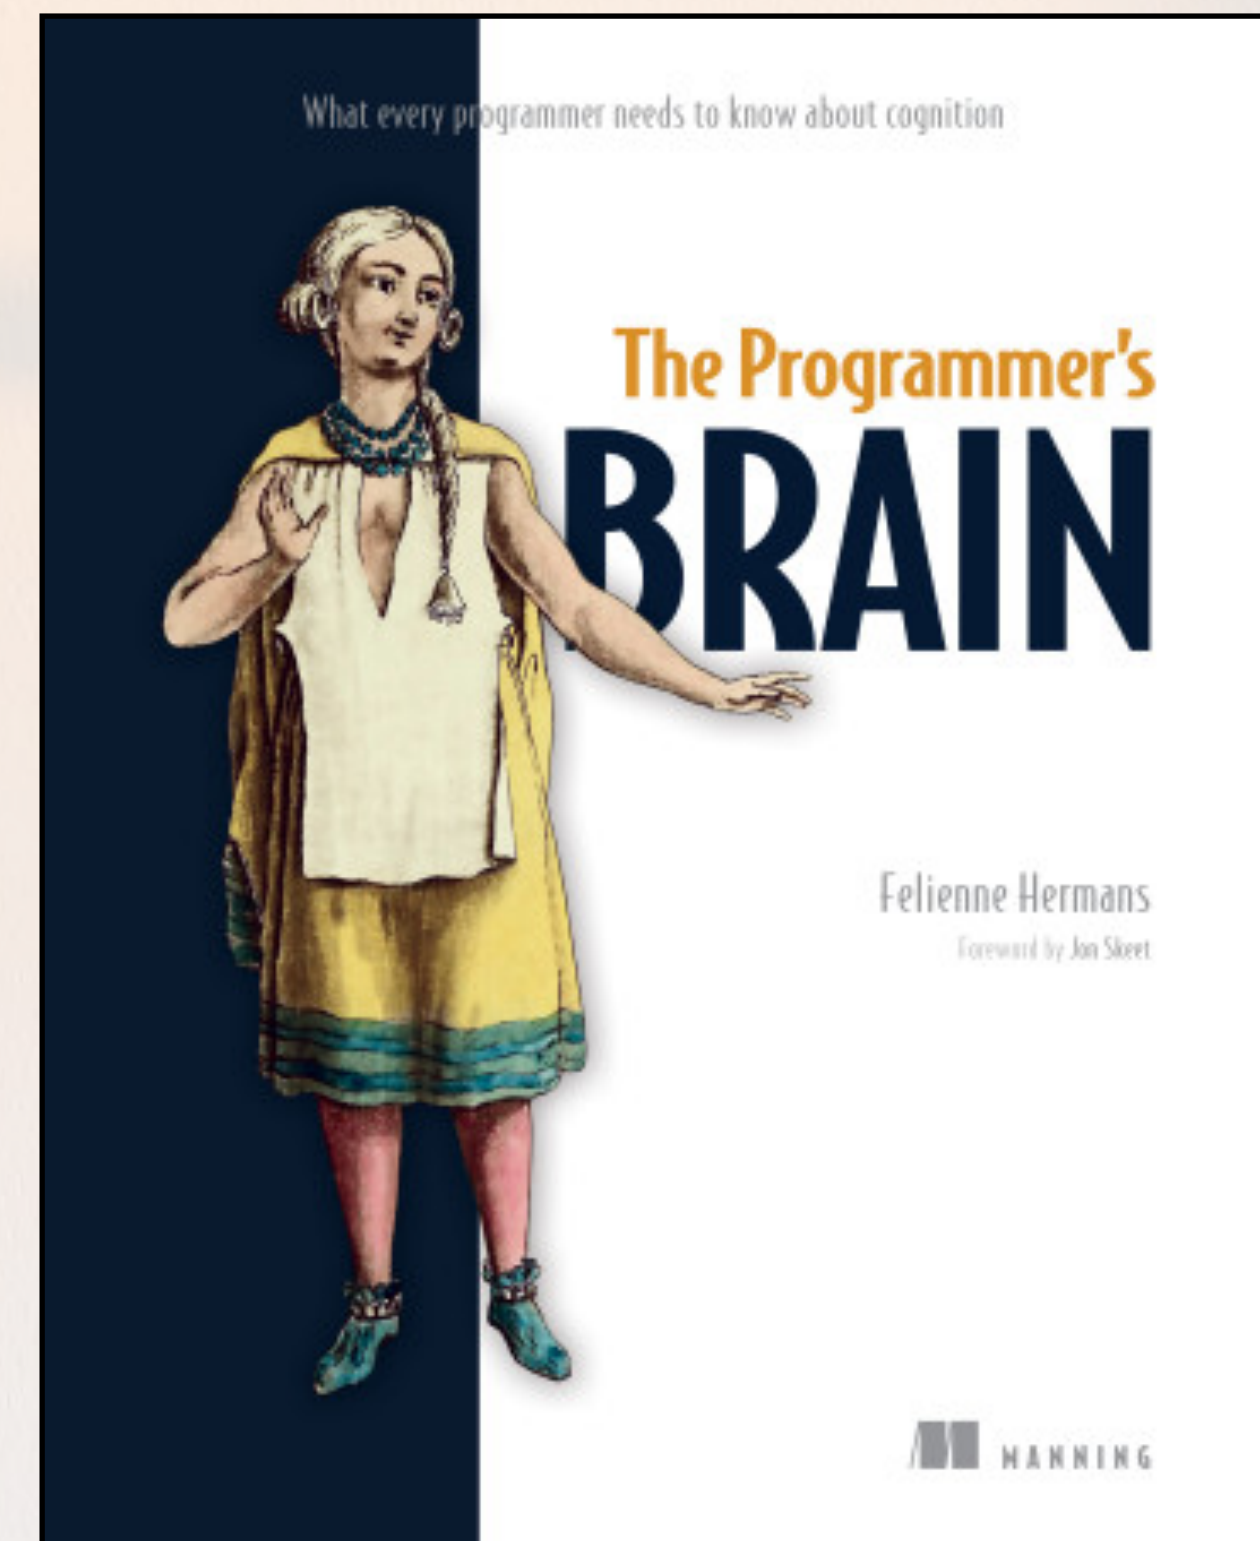

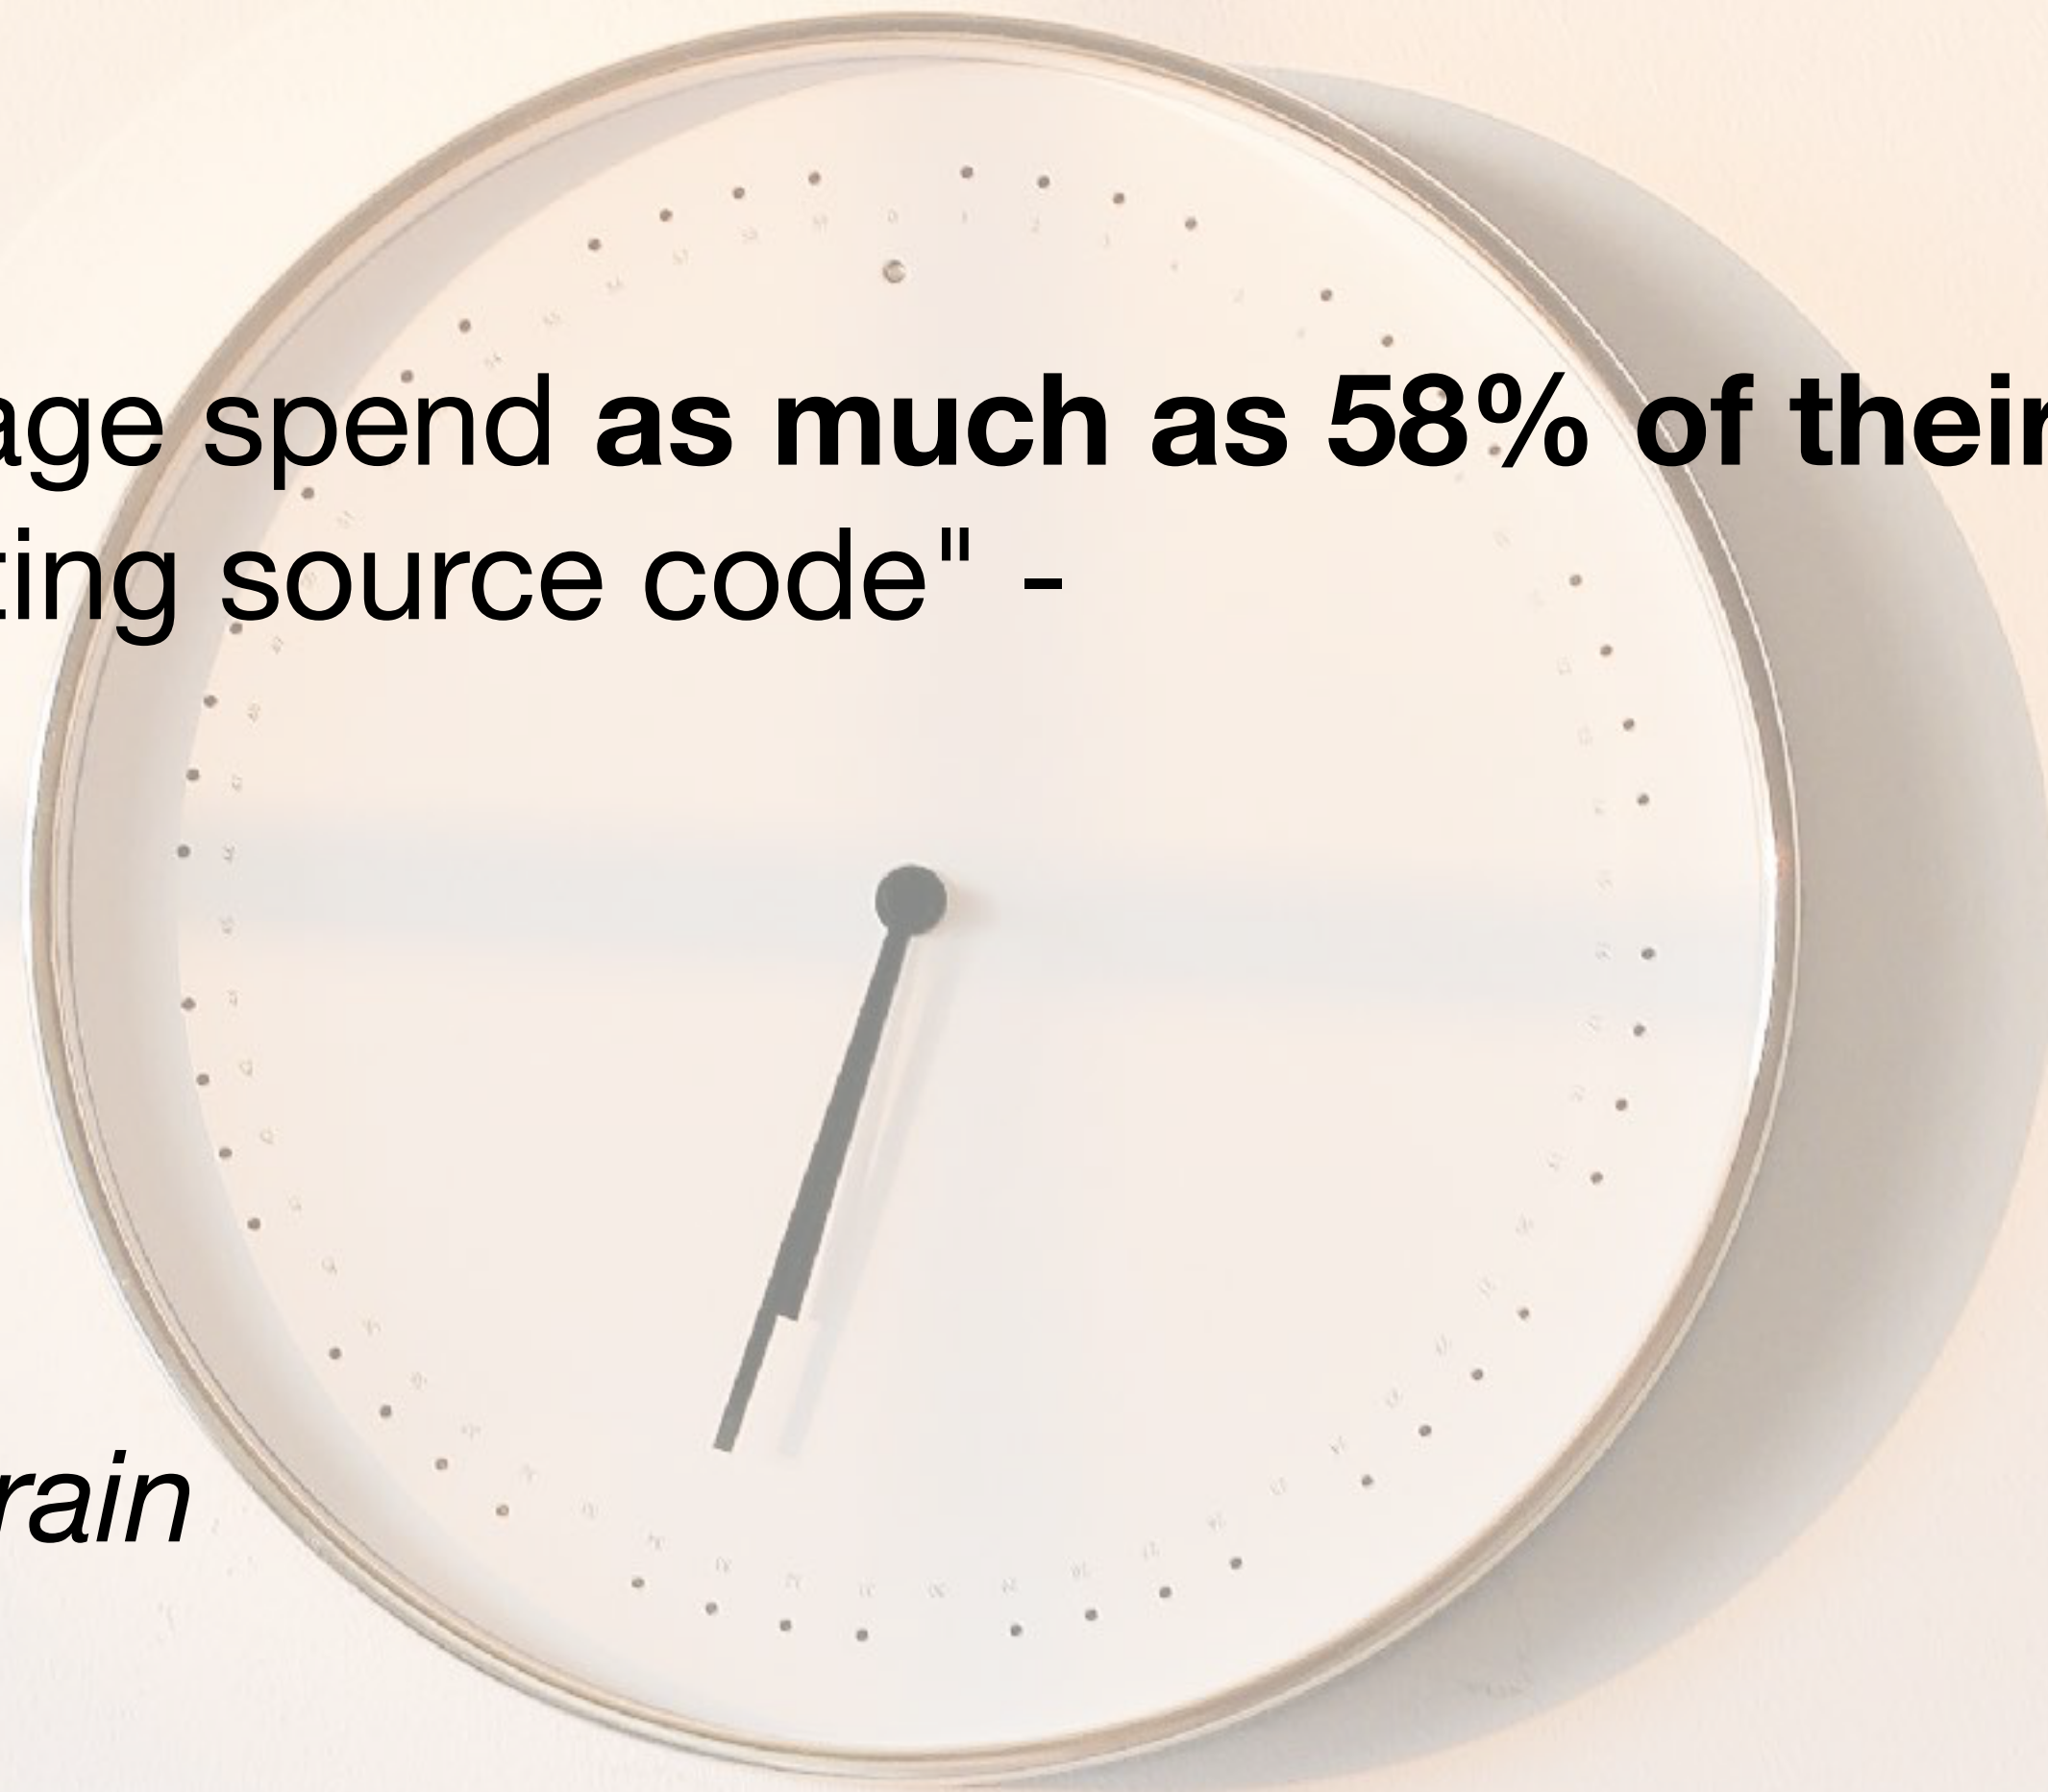

Reading Code

Introduction

"developers on average spend **as much as 58%** of their time comprehending existing source code" -

-
*Felienne Hermans,
The Programmer's Brain*

Reading Code

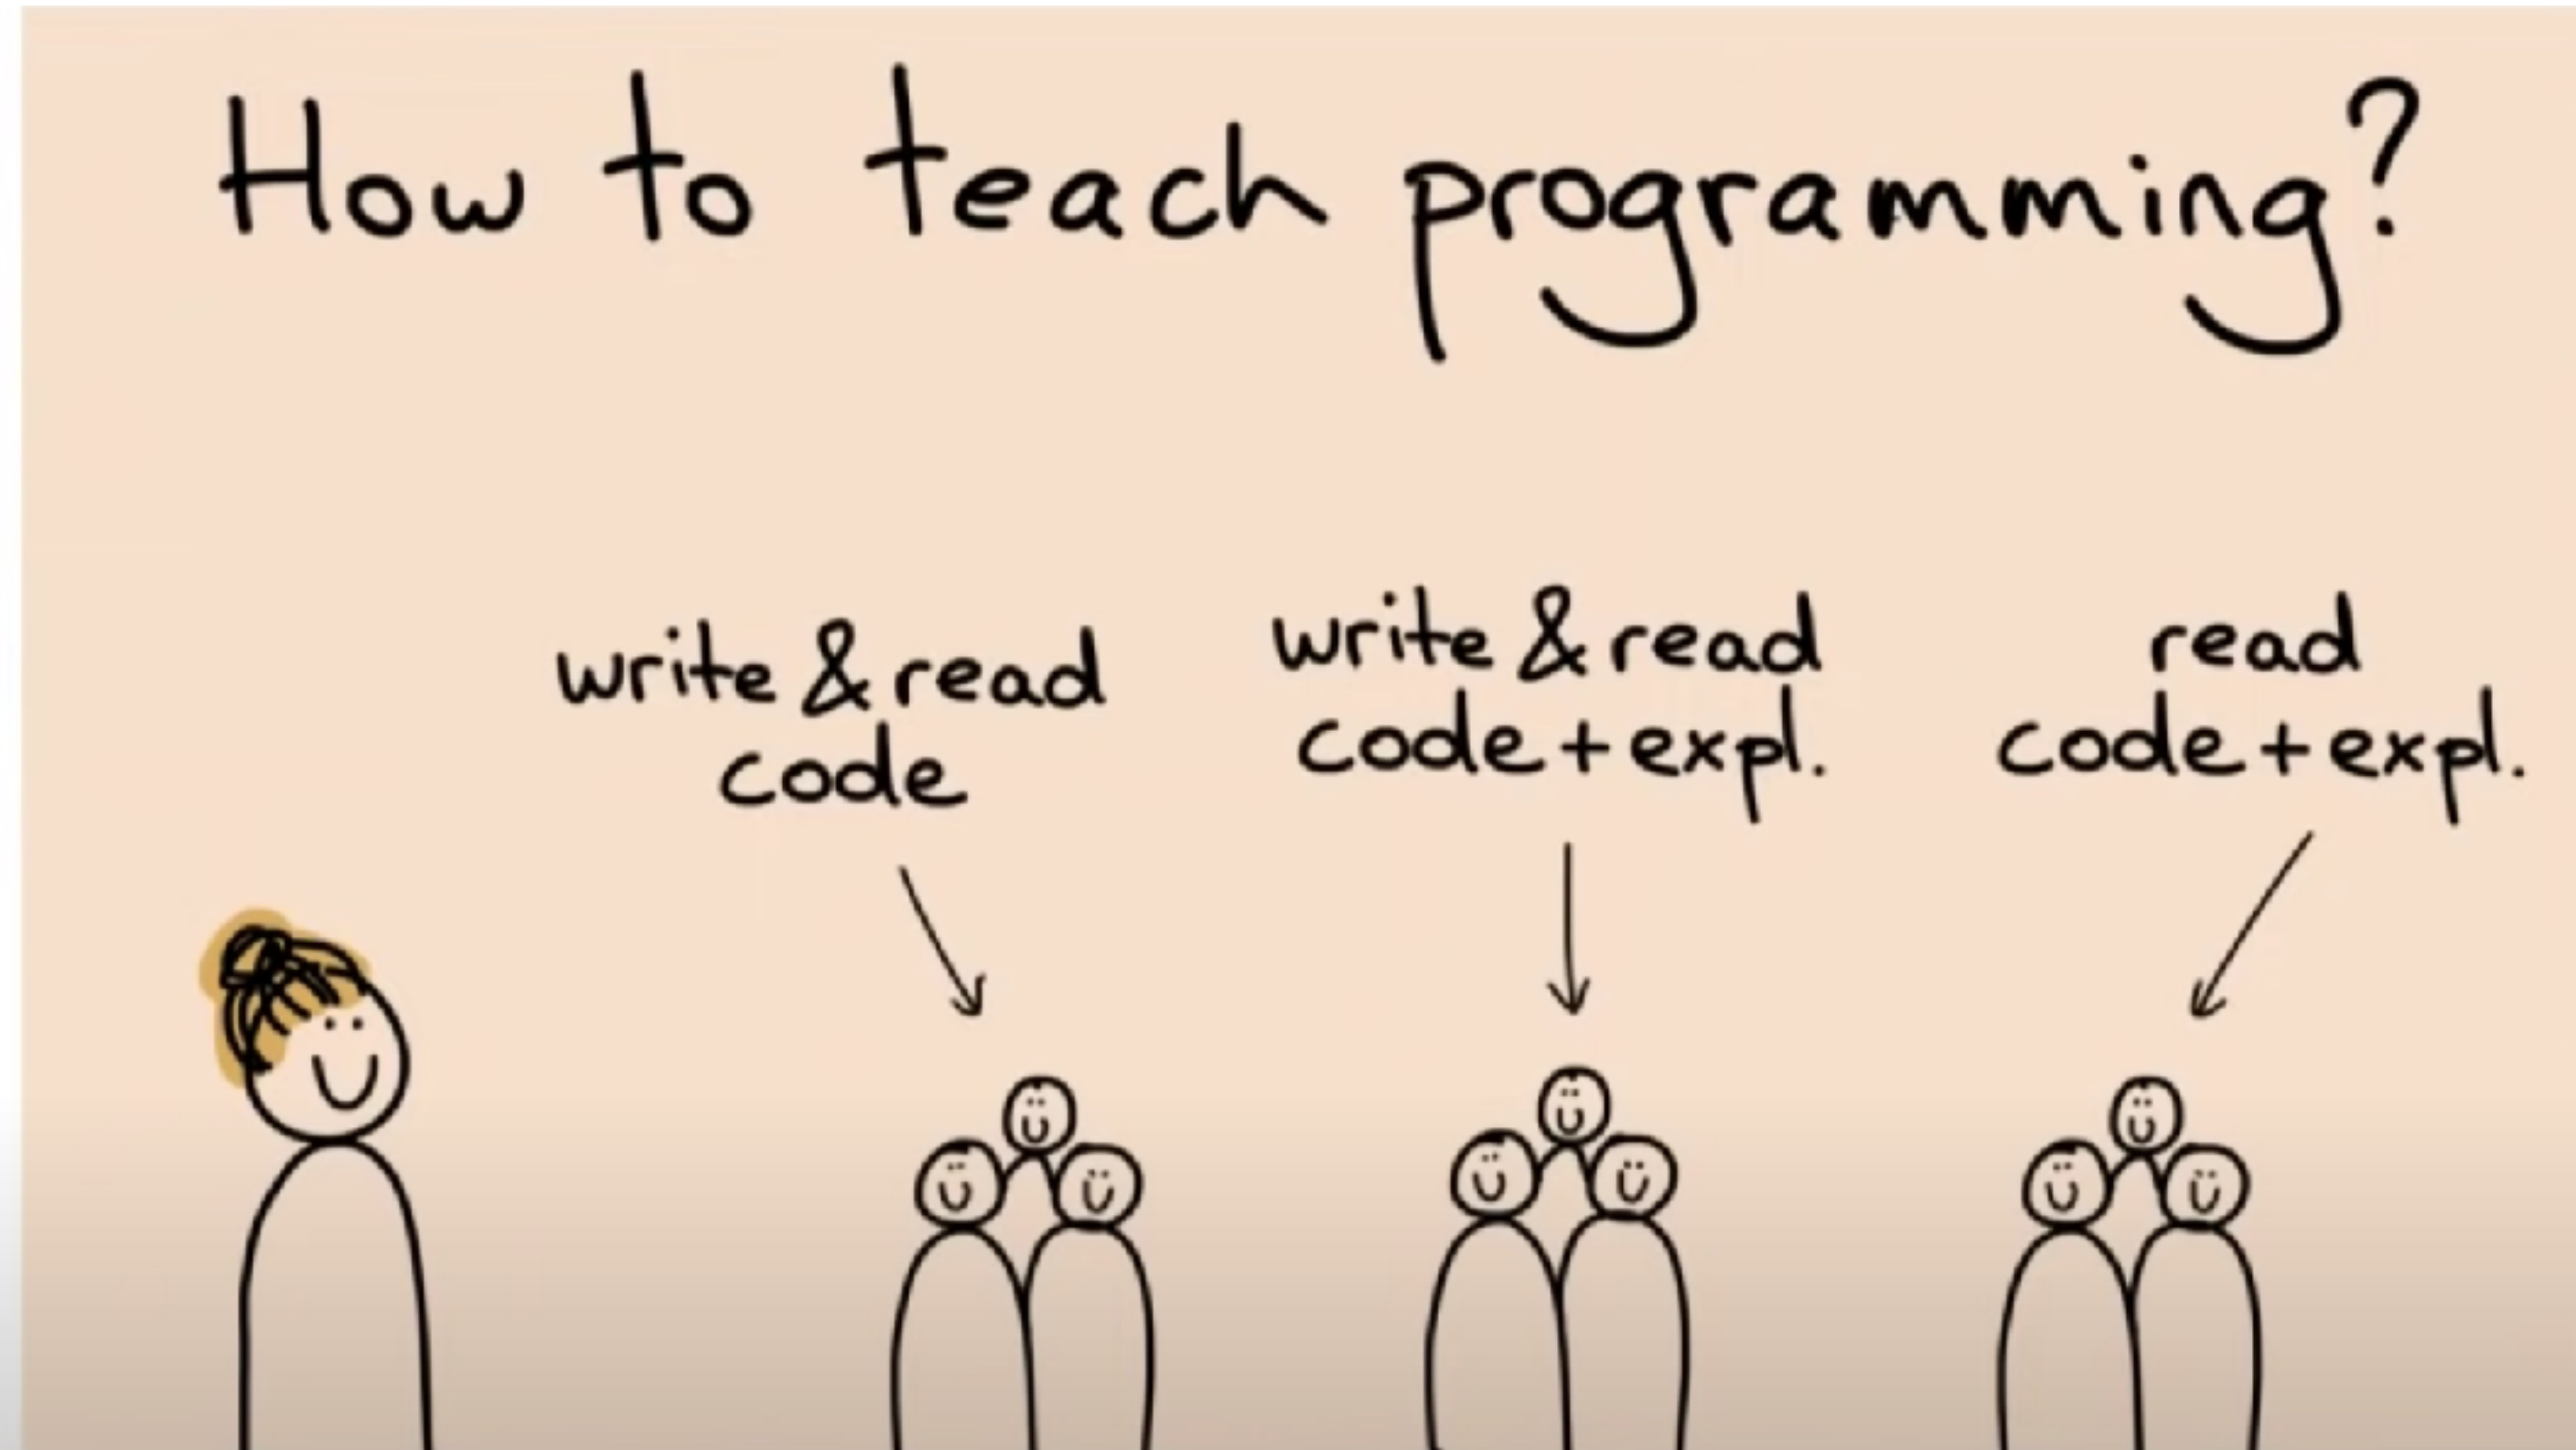

Introduction

- We spend more time **reading** code than **writing** code
- But we don't **practice** reading code **explicitly** (much)

Reading Code

Introduction

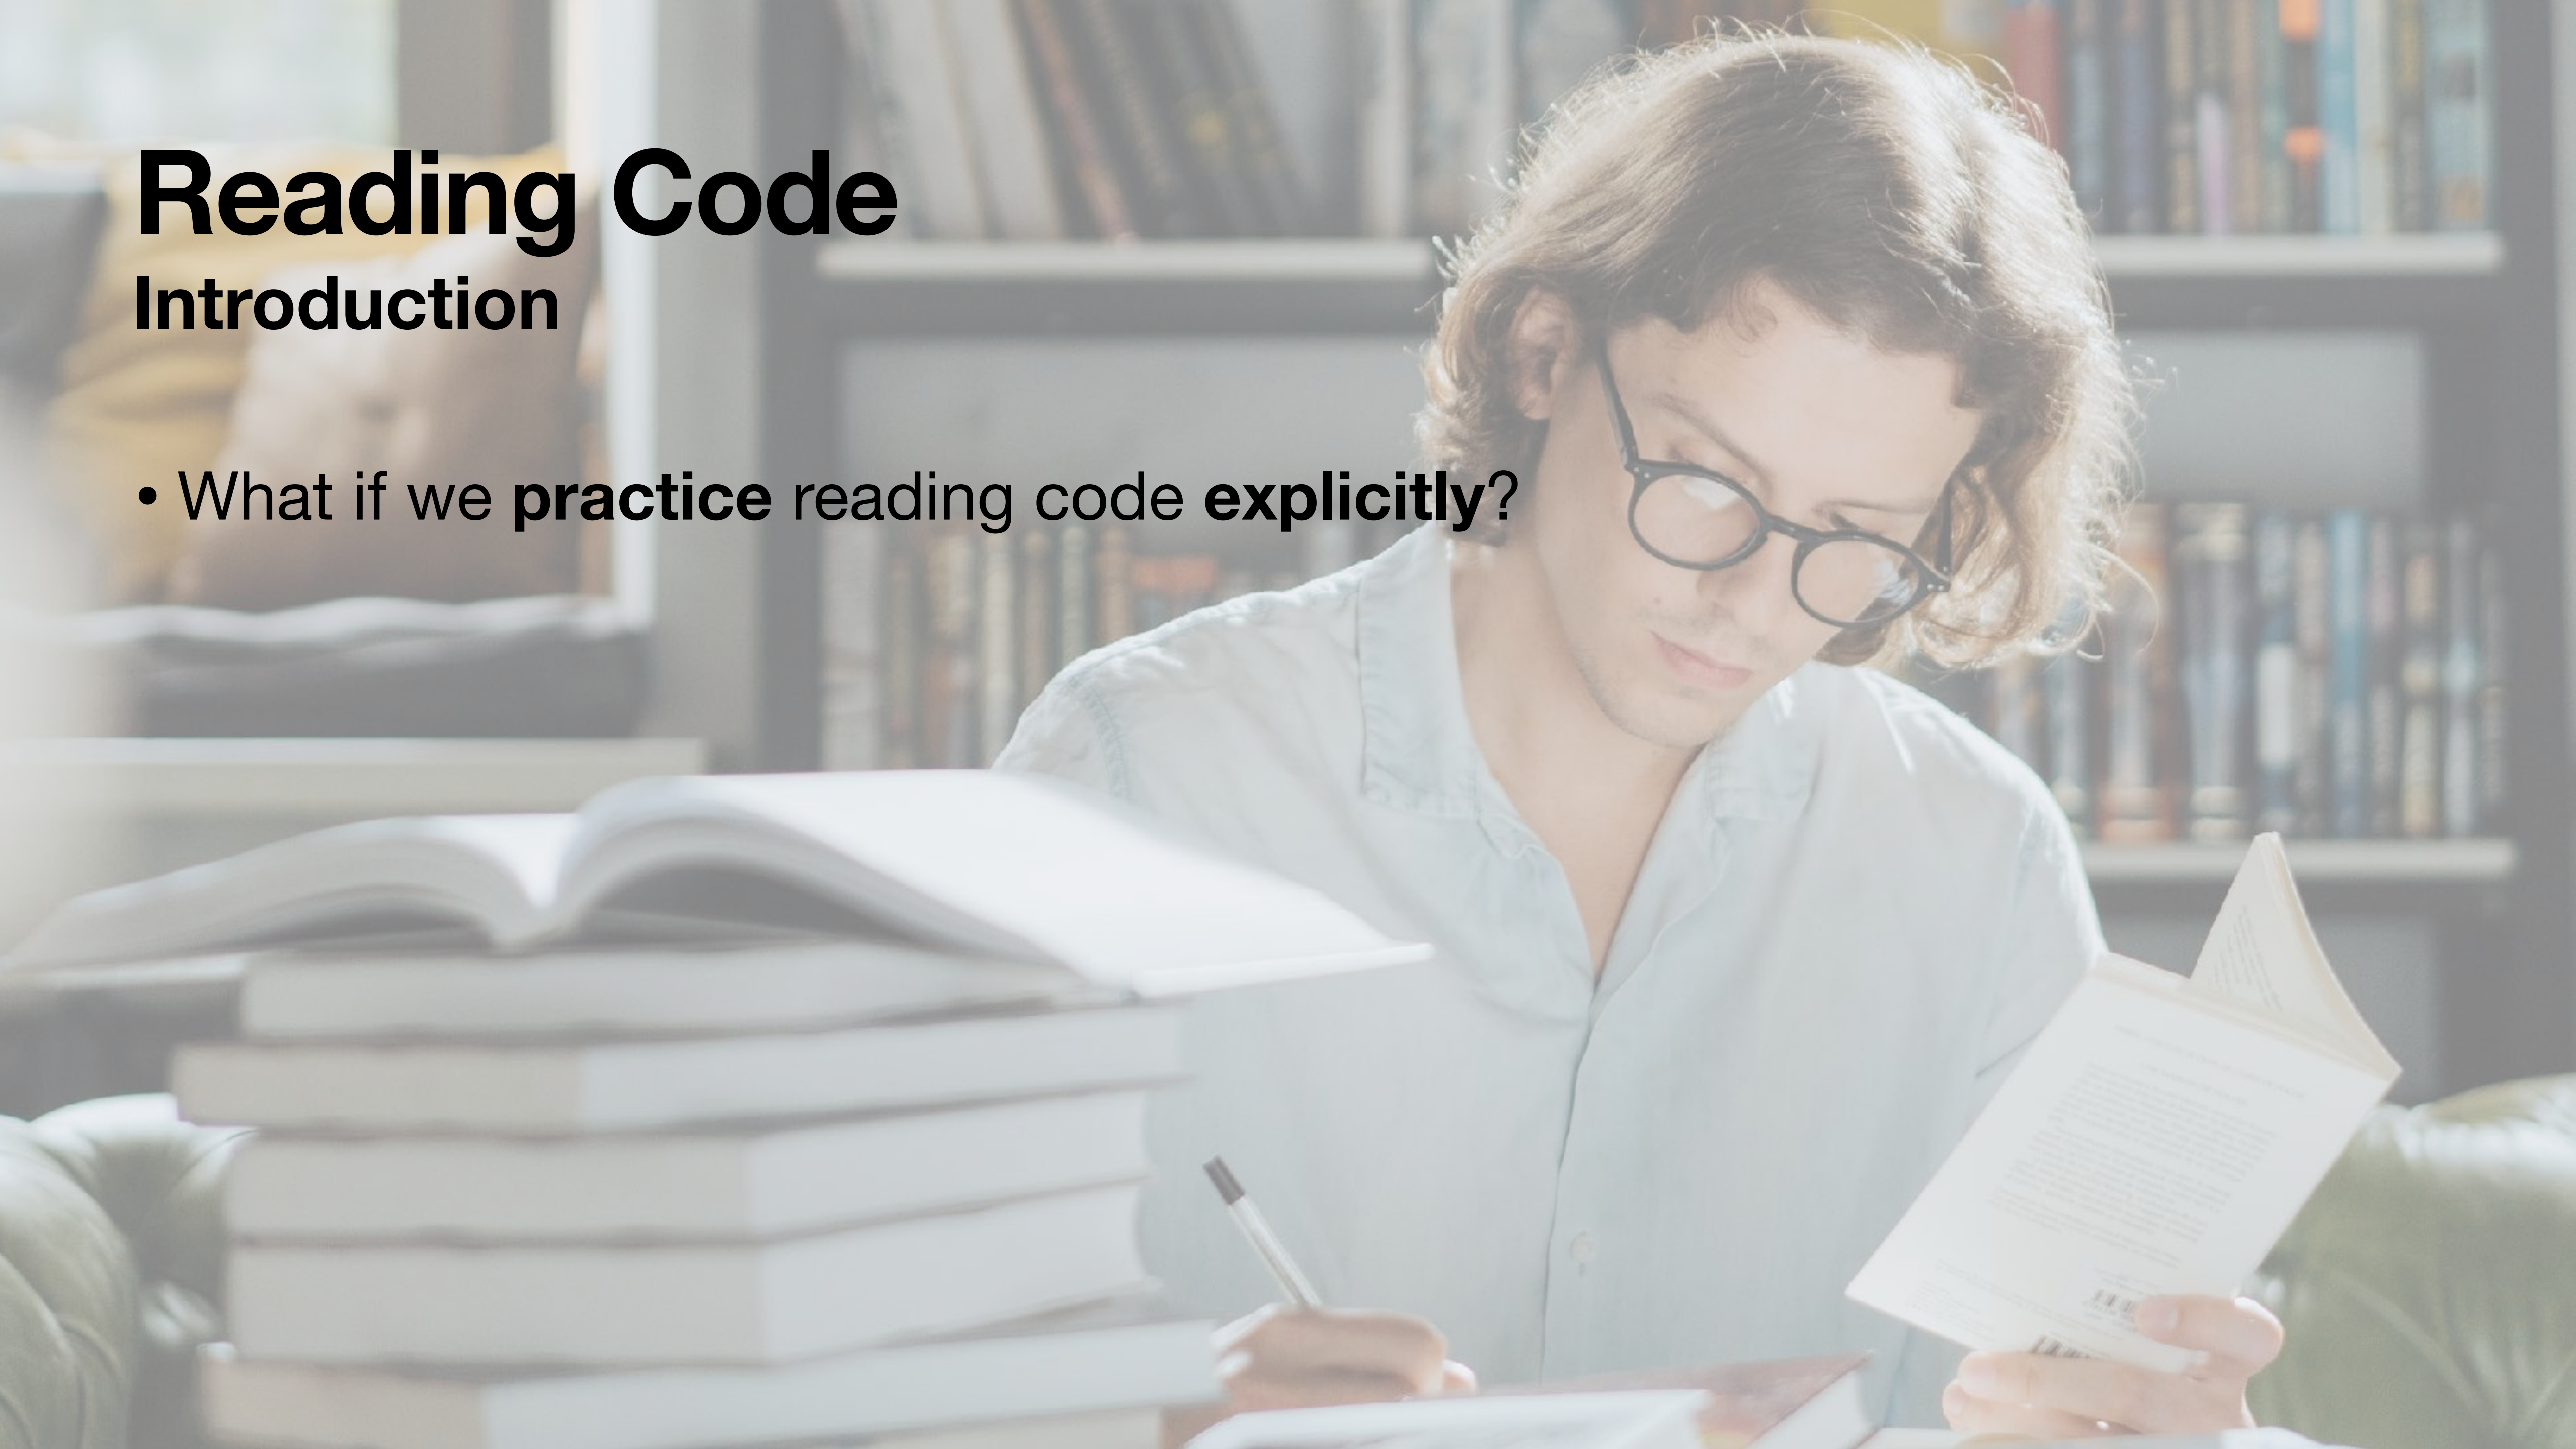

"How to teach programming (and other things)?" by Felienne Hermans

<https://www.youtube.com/watch?v=g1ib43q3uXQ>

Reading Code

Introduction

- What if we **practice** reading code **explicitly**?

Reading Code

Introduction

- **Code Reading Club**

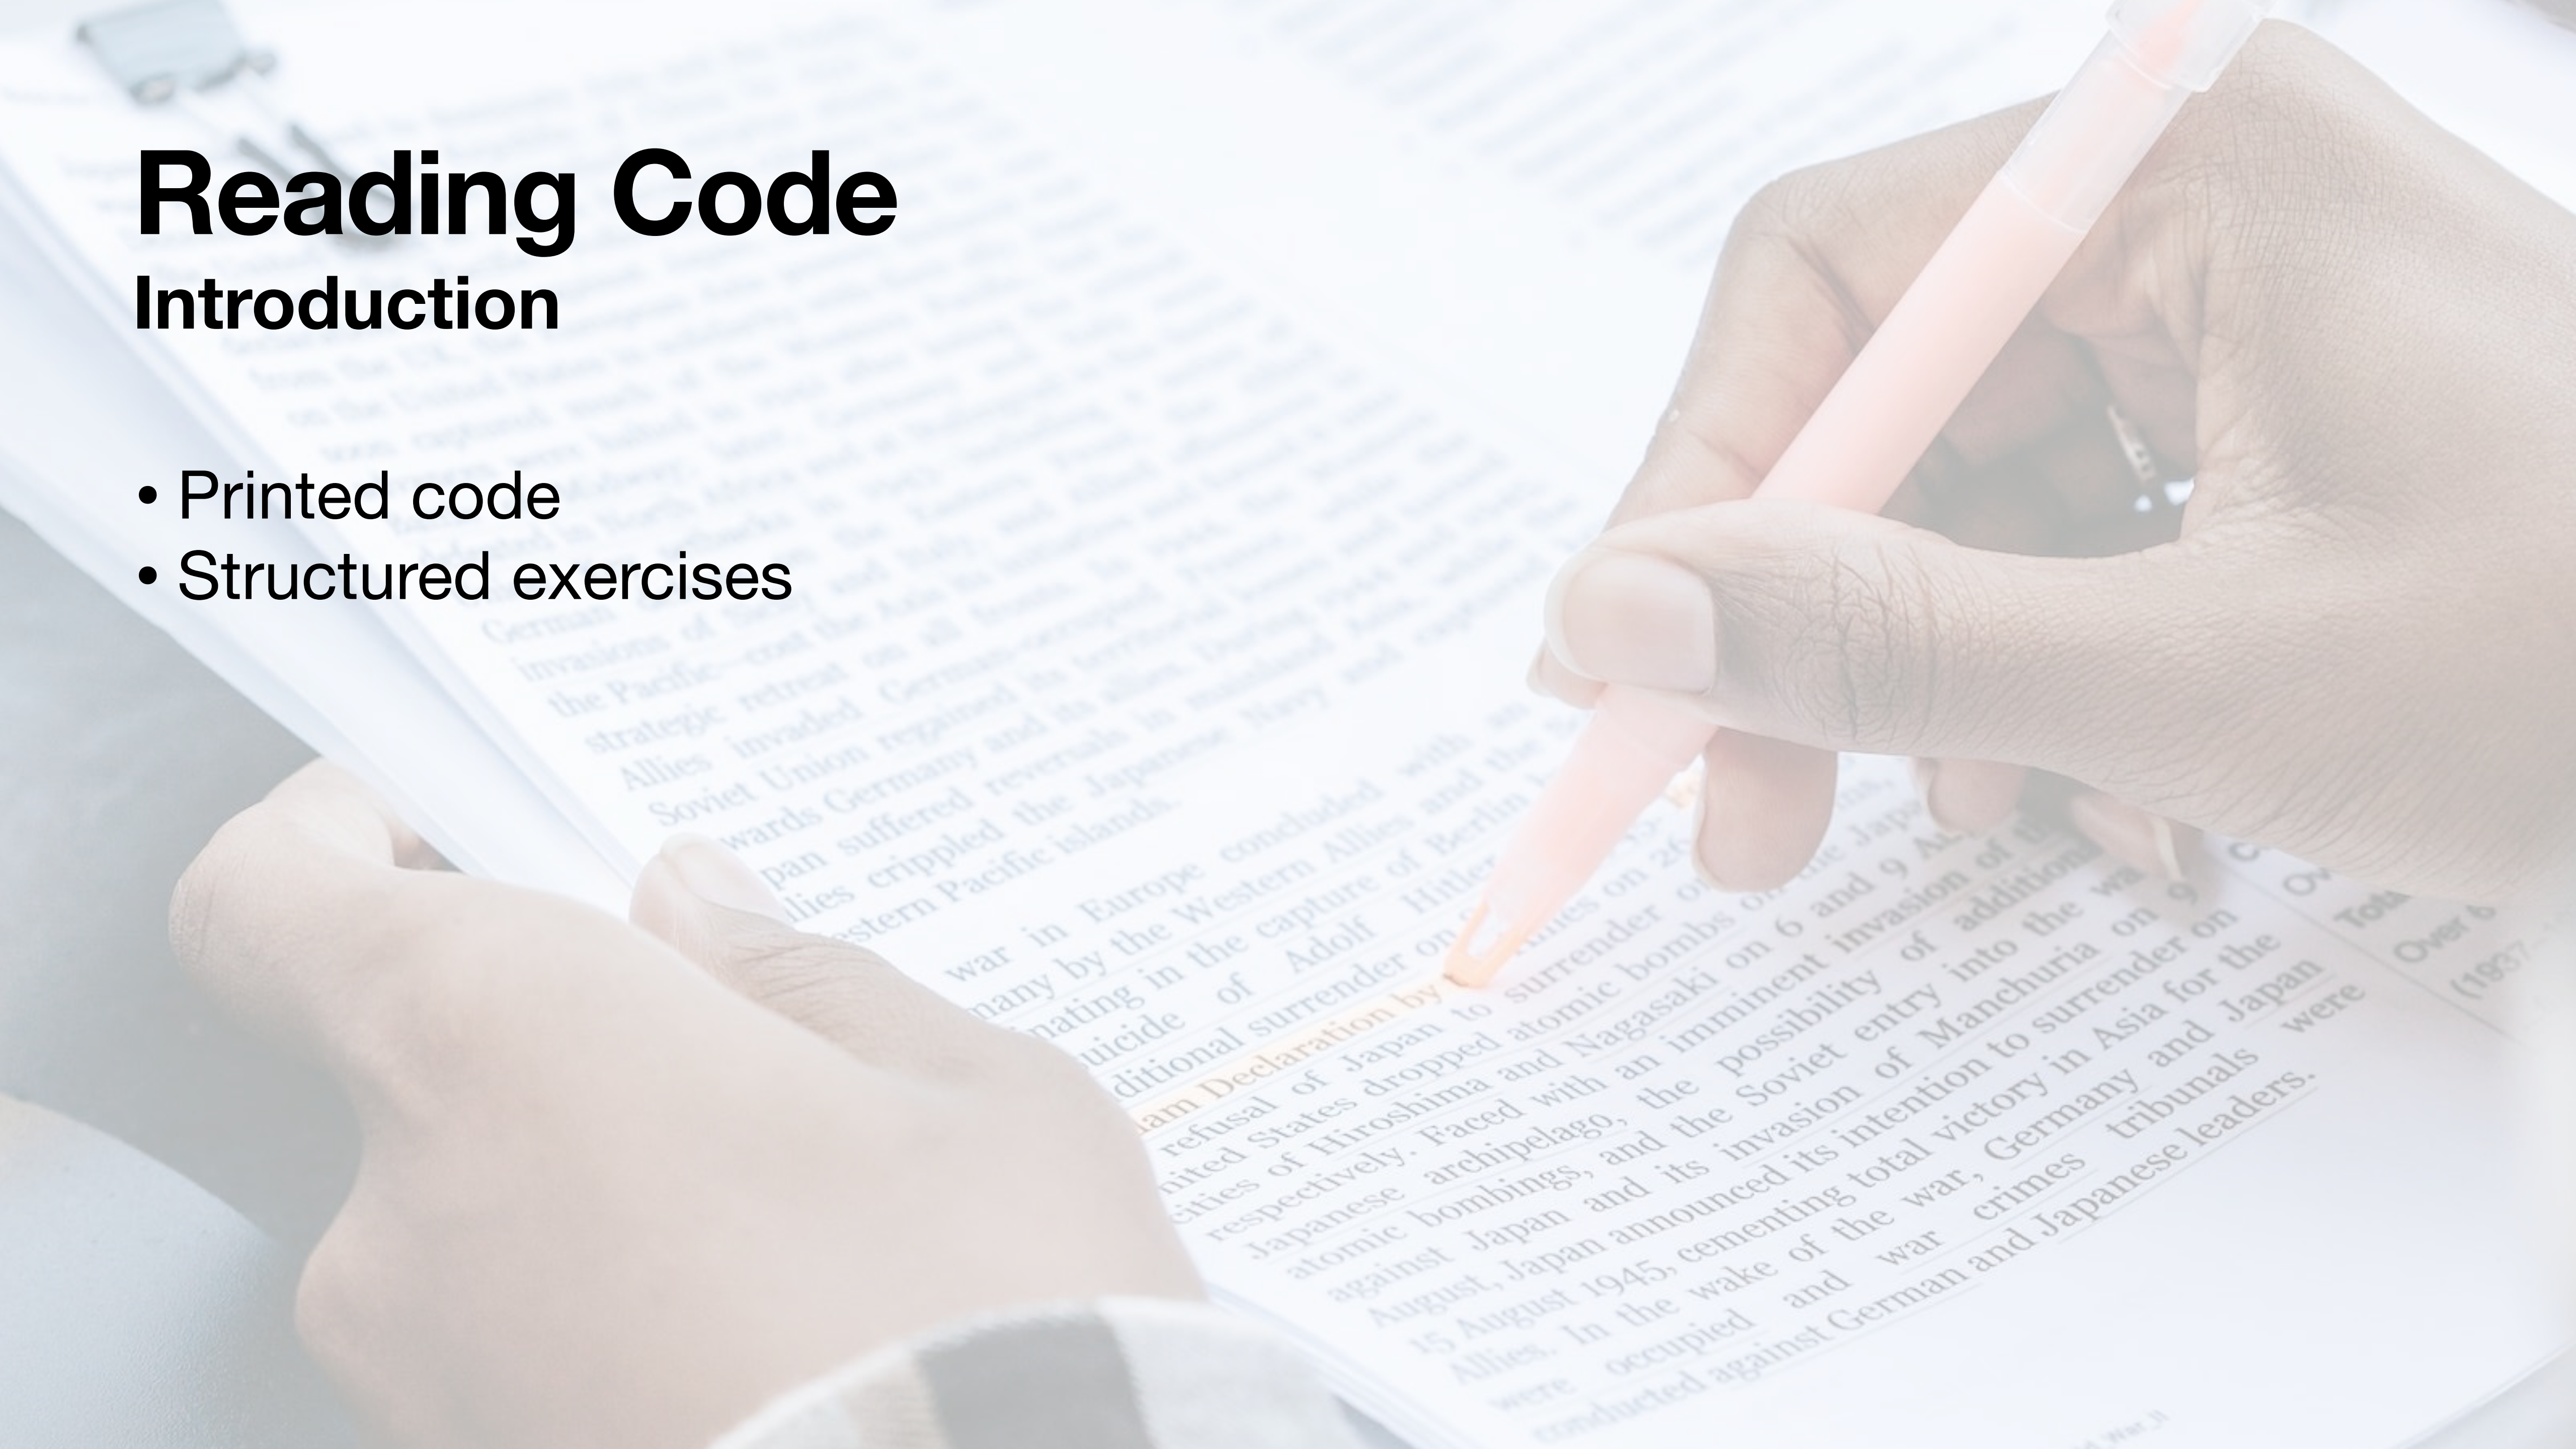

<https://codereading.club/>

Reading Code

Introduction

- Printed code
- Structured exercises

Reading Code

Introduction

- Joined a code reading club
- So many insights!

Reading Code

Introduction

- But what about the IDE?

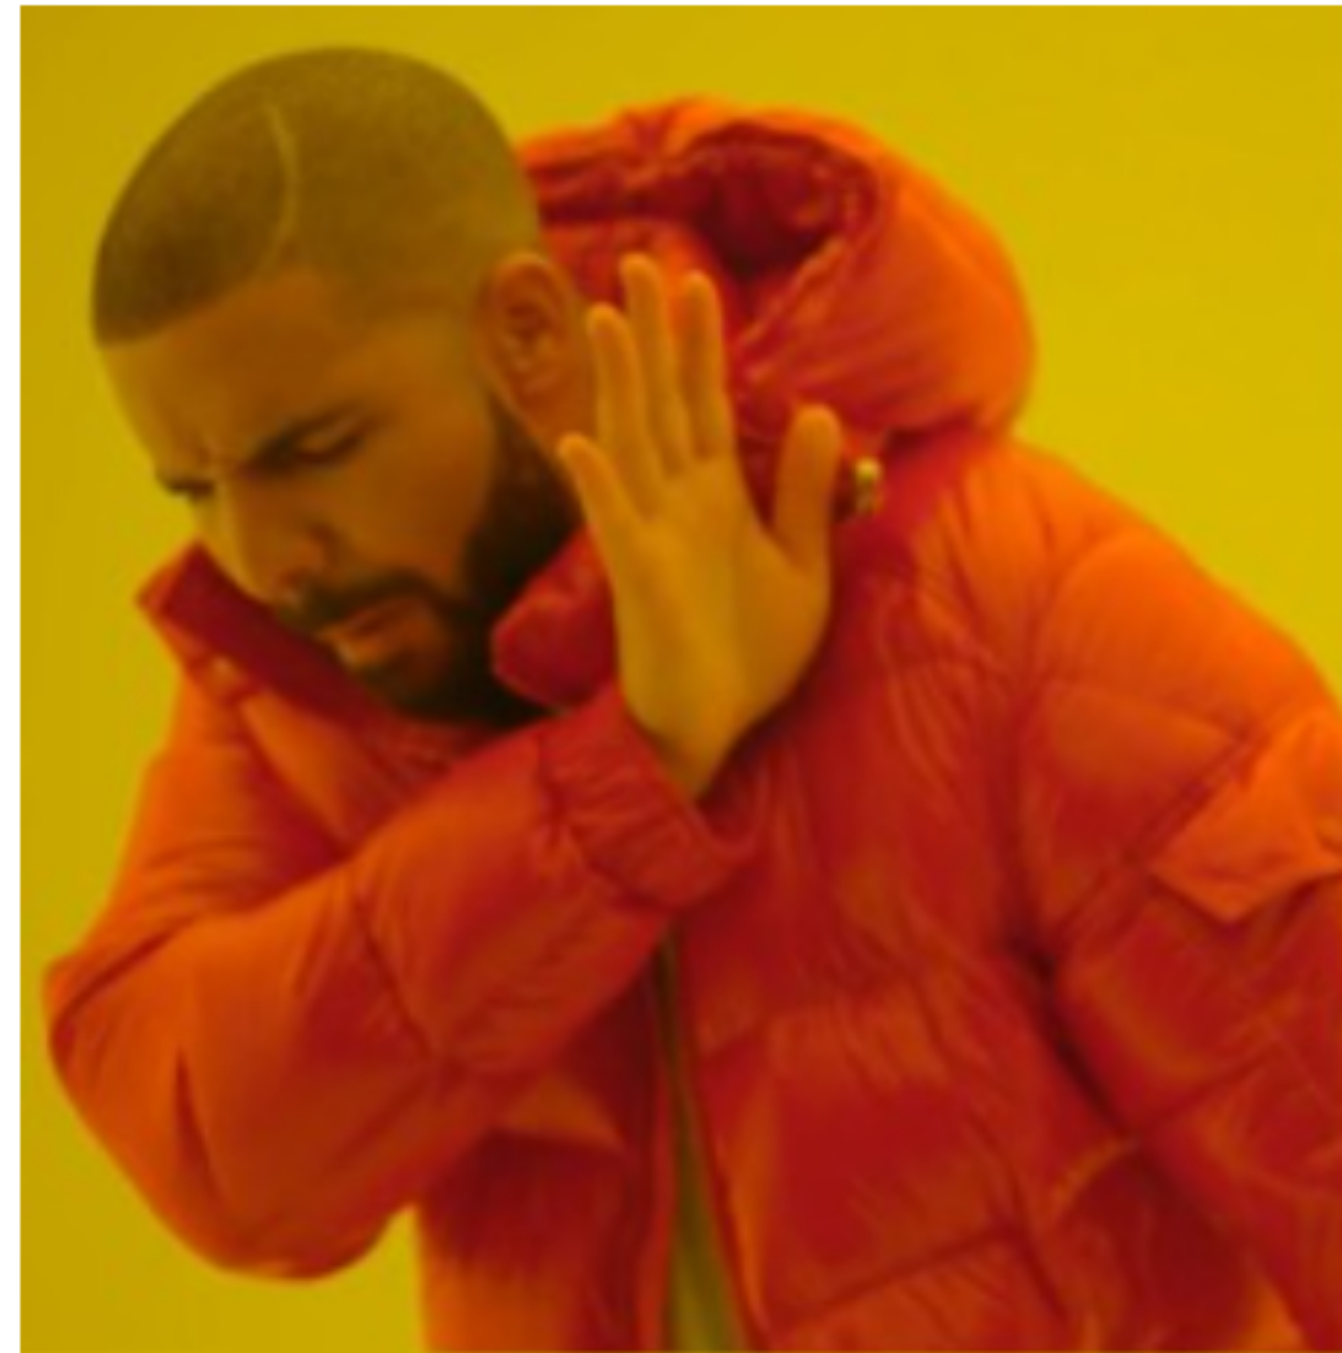

Reading Code

Introduction

- Let's look at various strategies for different tasks

Reading Code

Introduction

Reading
code
to judge

Reading
code to
understand

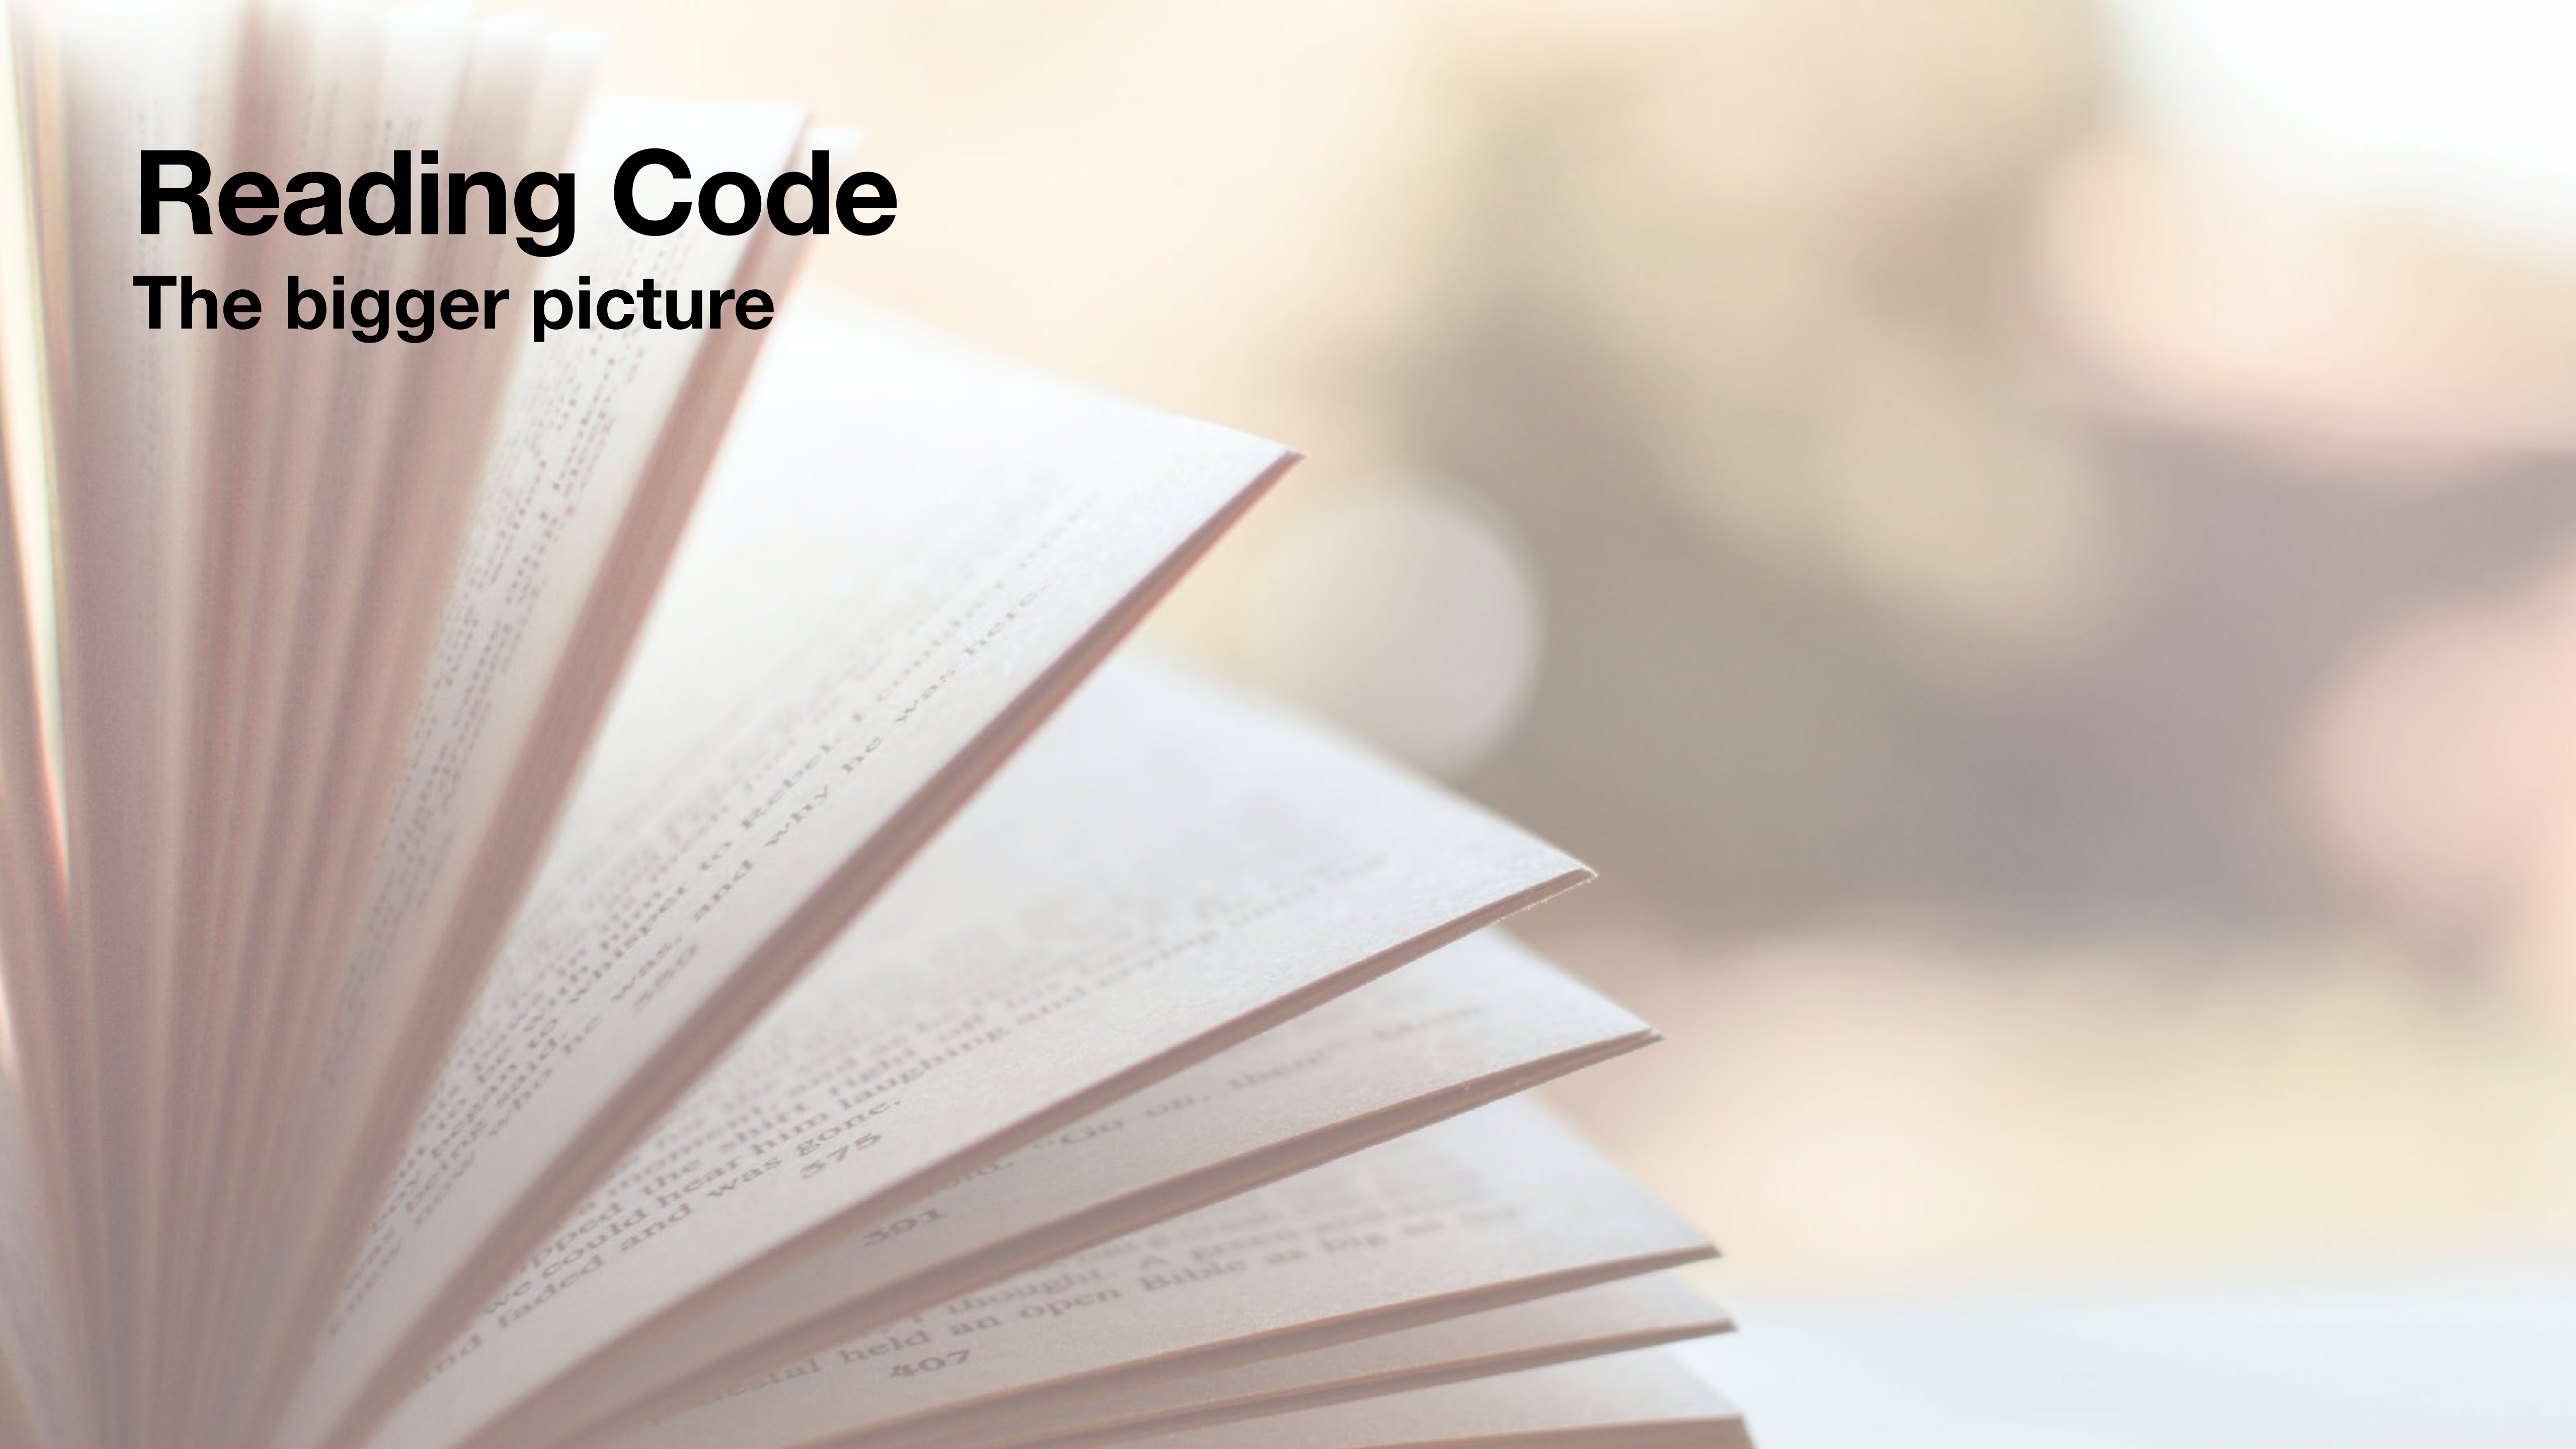

Reading Code

Agenda

- **The bigger picture**
 - Understanding a codebase
 - and it's context
- **Down to the details**
 - Find a place to start
 - Search
 - Navigate from there
- **Understanding a specific piece of code**
 - Hints from your IDE
 - Exercises for deliberate practice

Reading Code

The bigger picture

Reading Code

The bigger picture

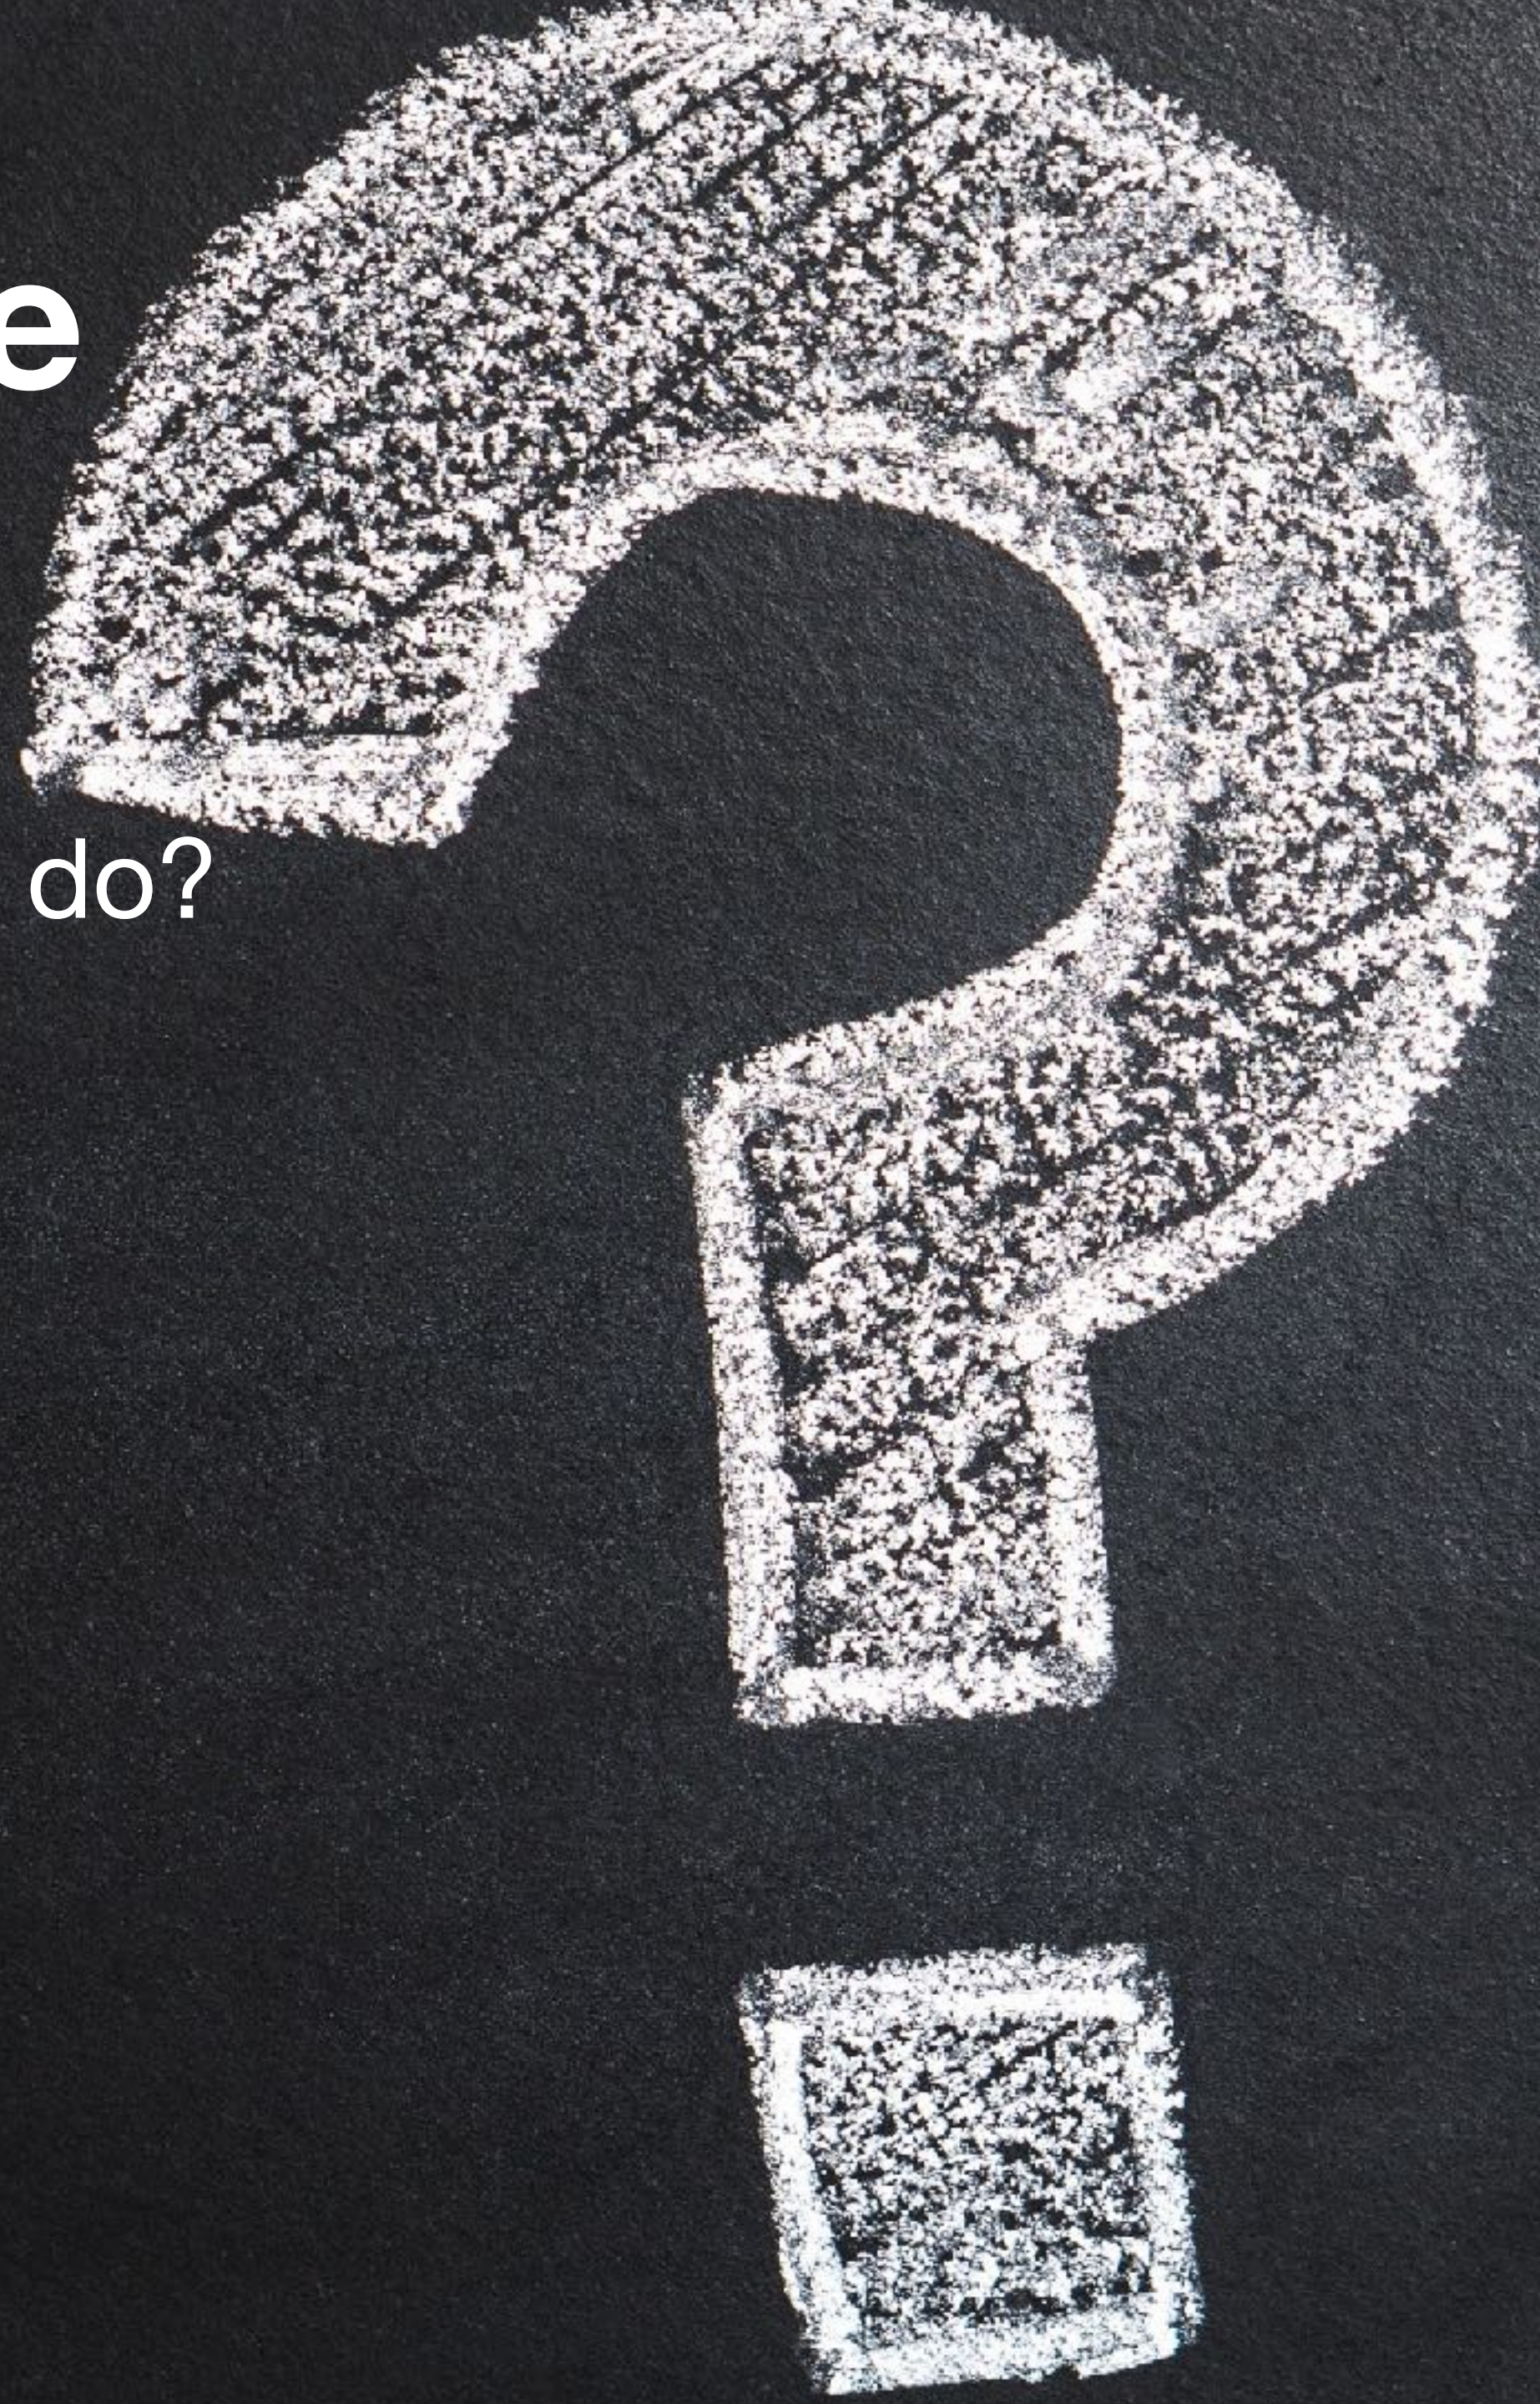

- Onboarding to a new team / code base

Reading Code

The bigger picture

- What does the code do?

Reading Code

The bigger picture

- What is the context?

Reading Code

The bigger picture

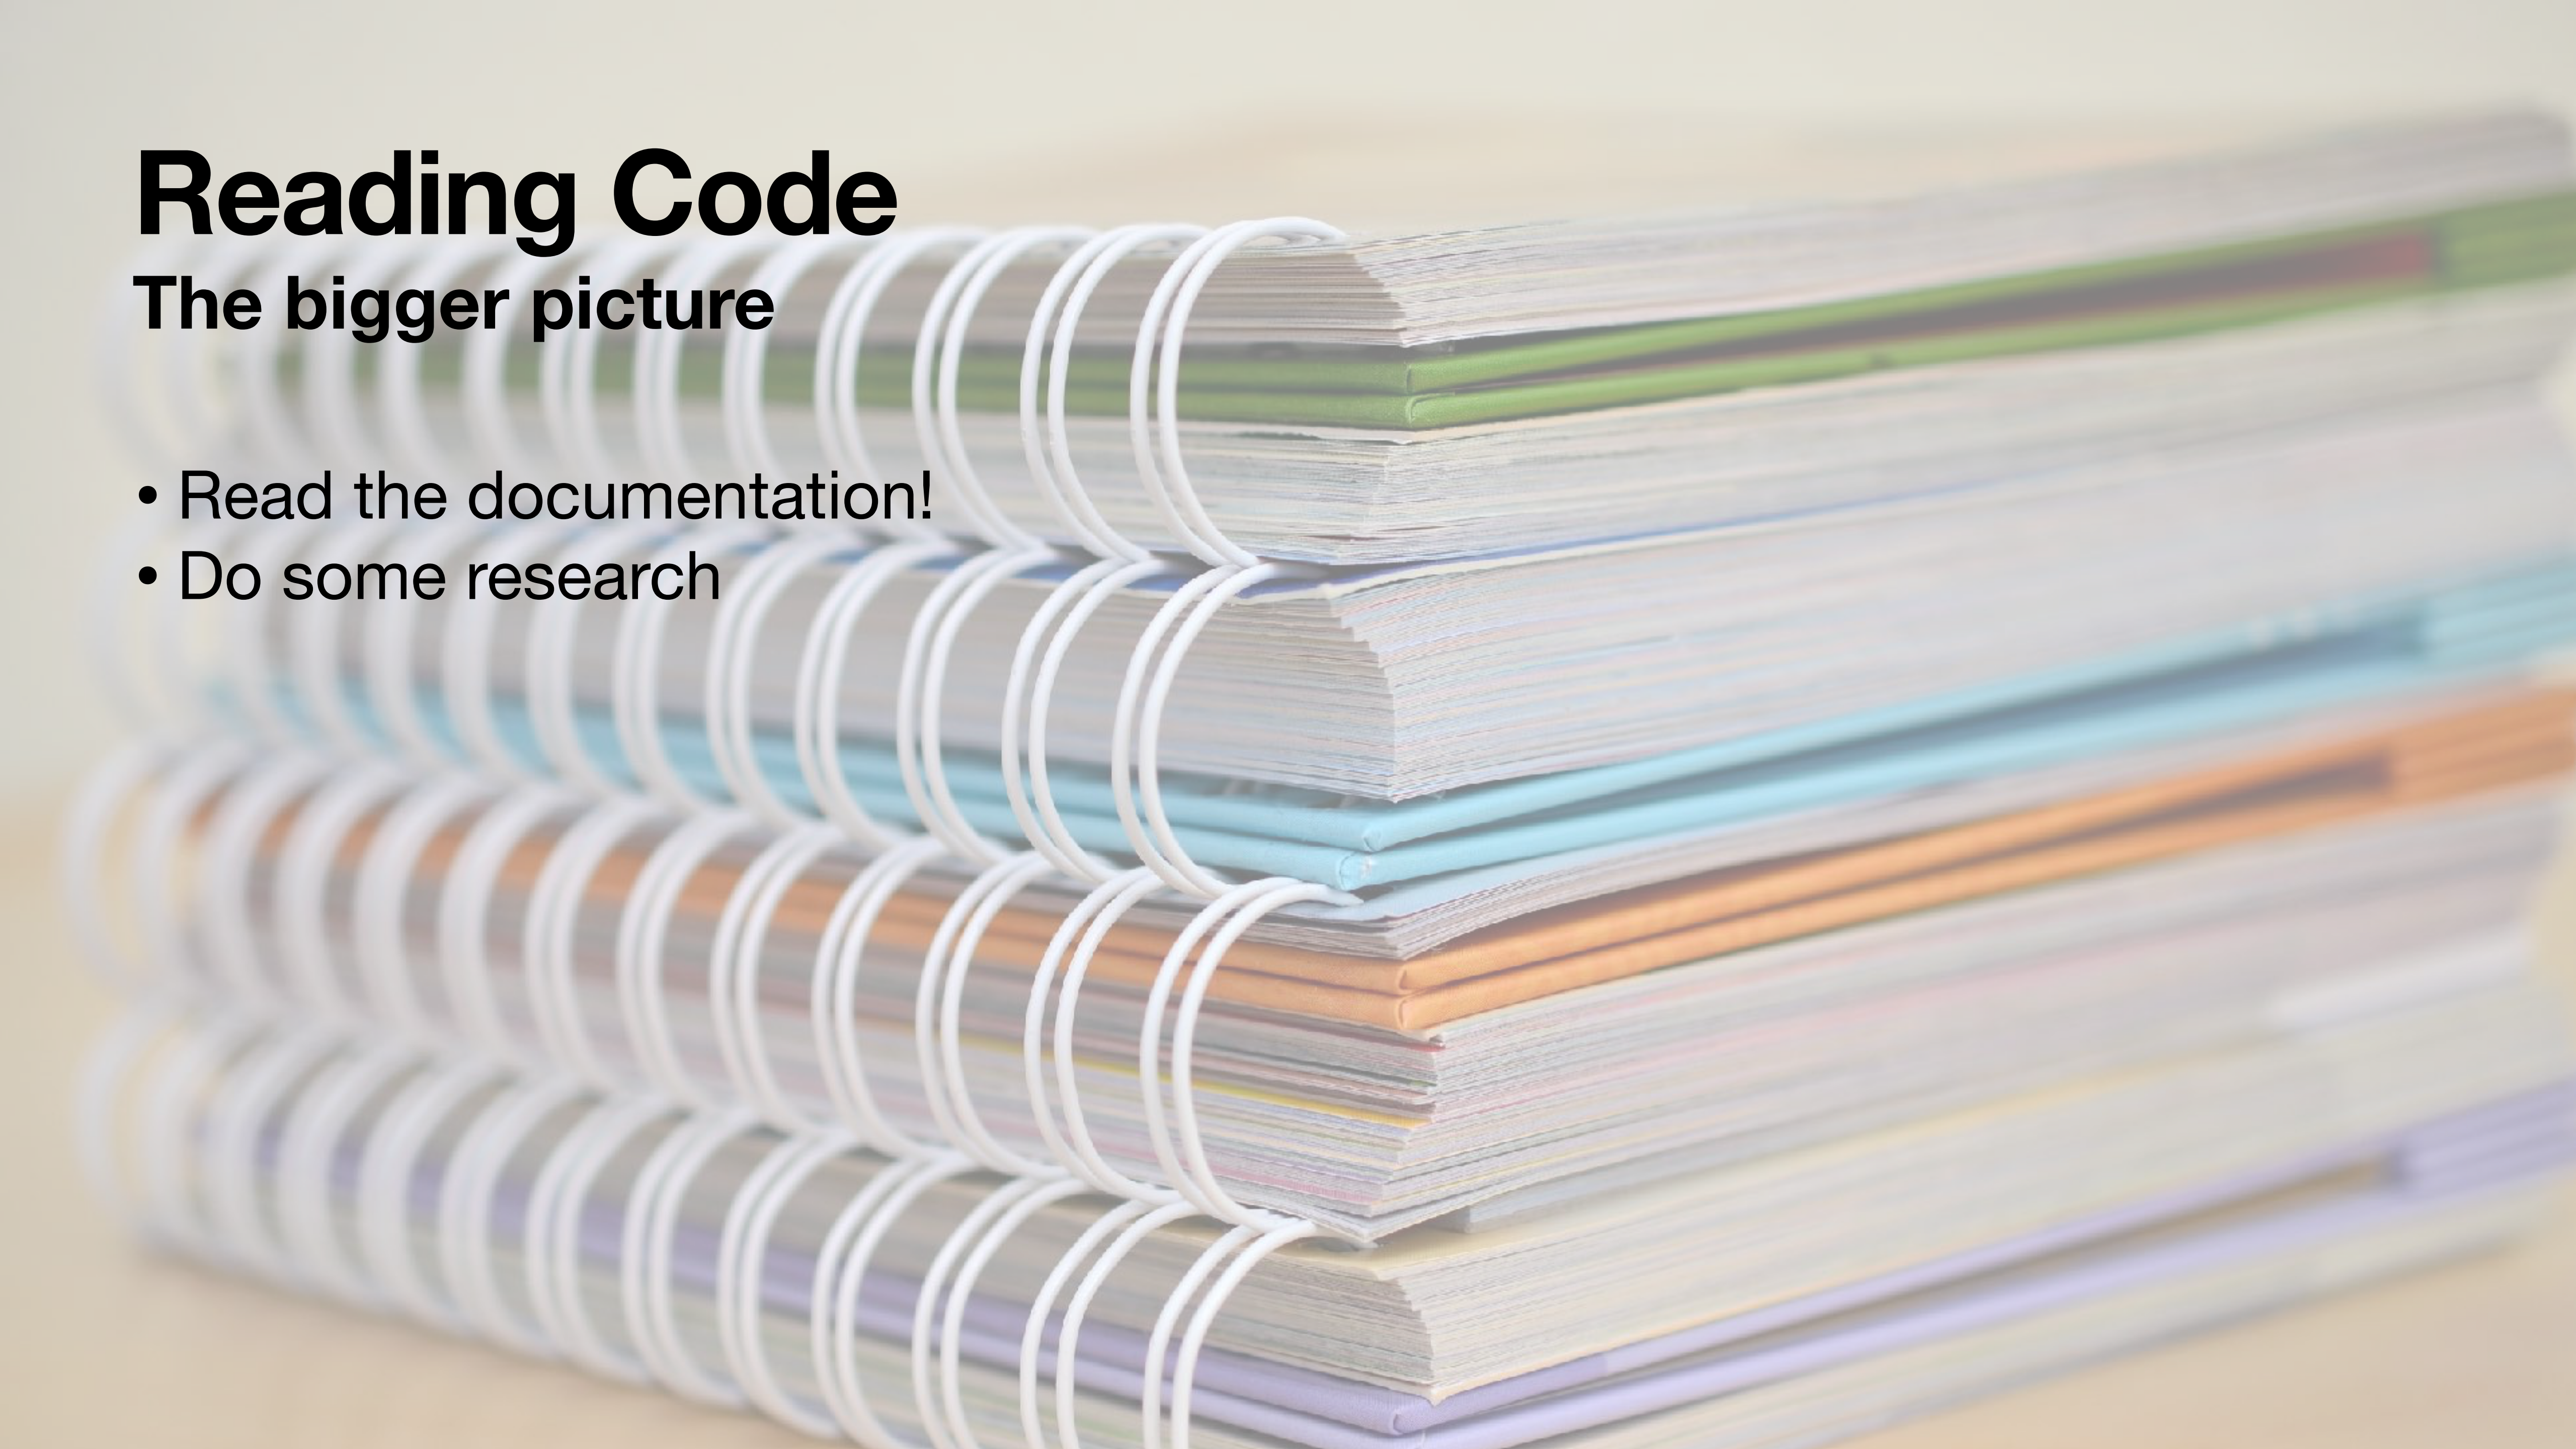

- Background knowledge
 - Business domain
 - Programming domain

Reading Code

The bigger picture

- Read the documentation!
- Do some research

Reading Code

The bigger picture

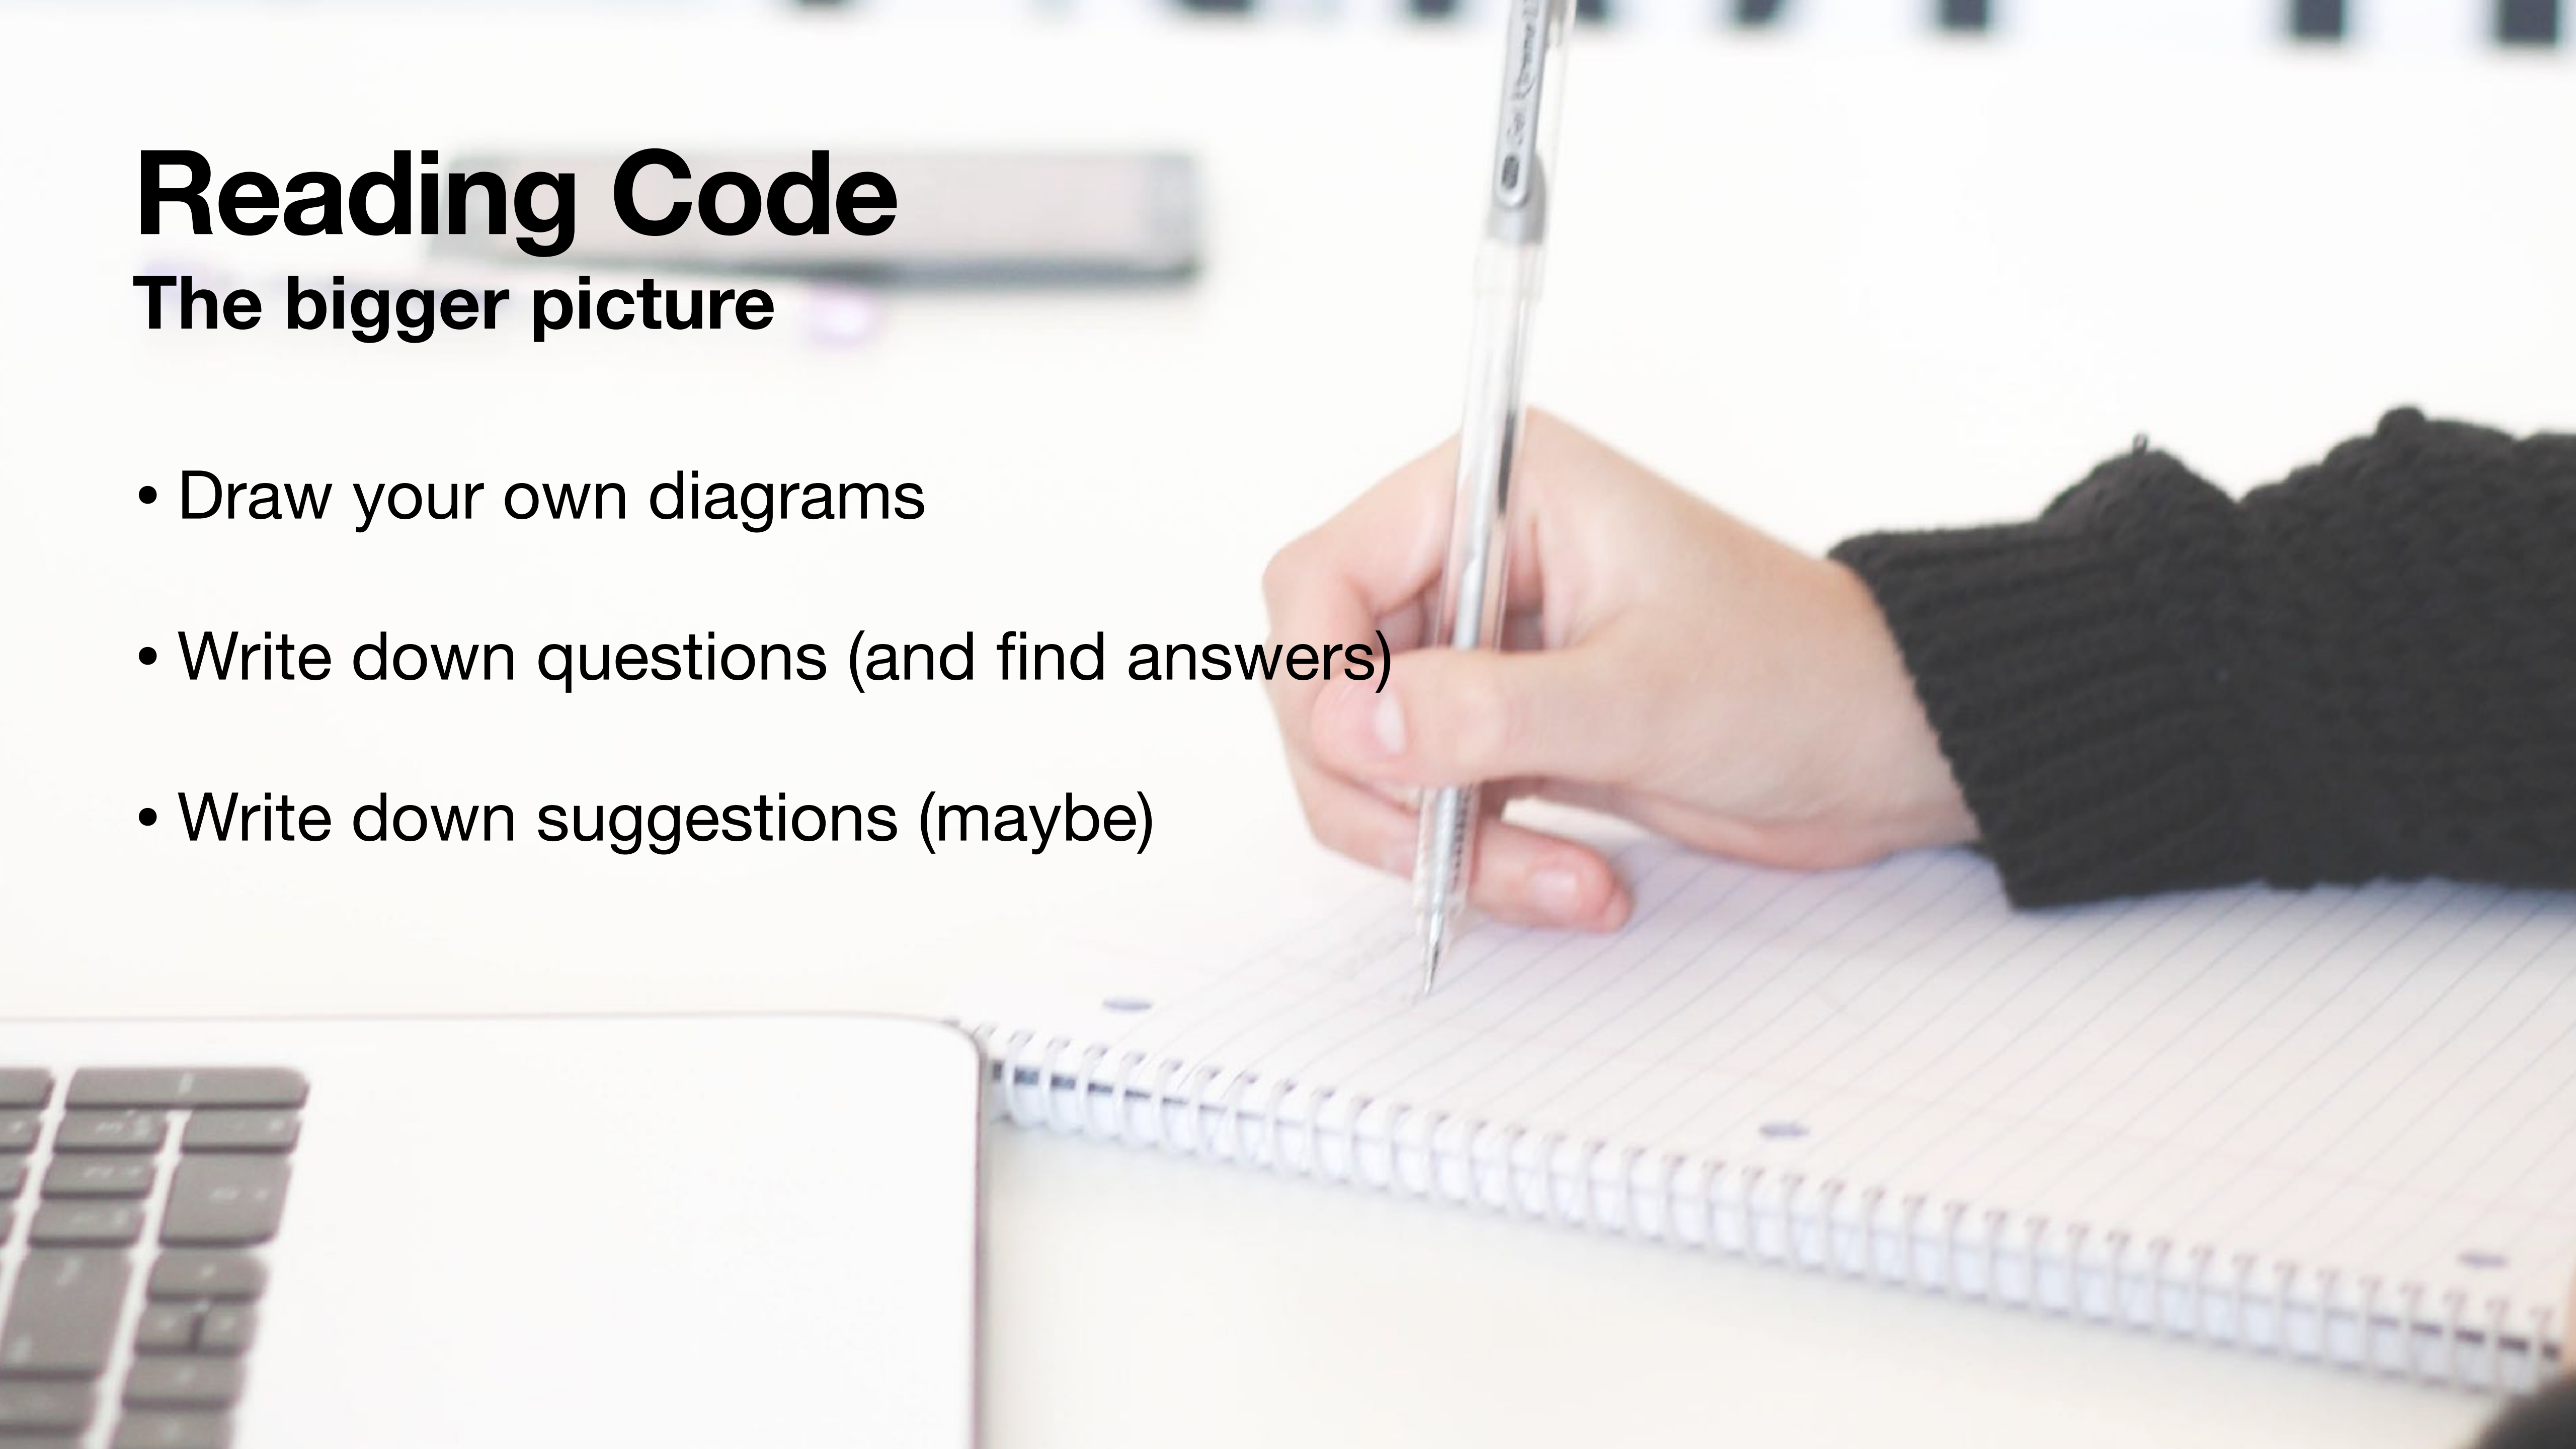

- Take notes!

Reading Code

The bigger picture

- Draw your own diagrams
- Write down questions (and find answers)
- Write down suggestions (maybe)

Reading Code

The bigger picture

Strategies:

- Identify components
- Identify relationships / dependencies
- Identify concepts

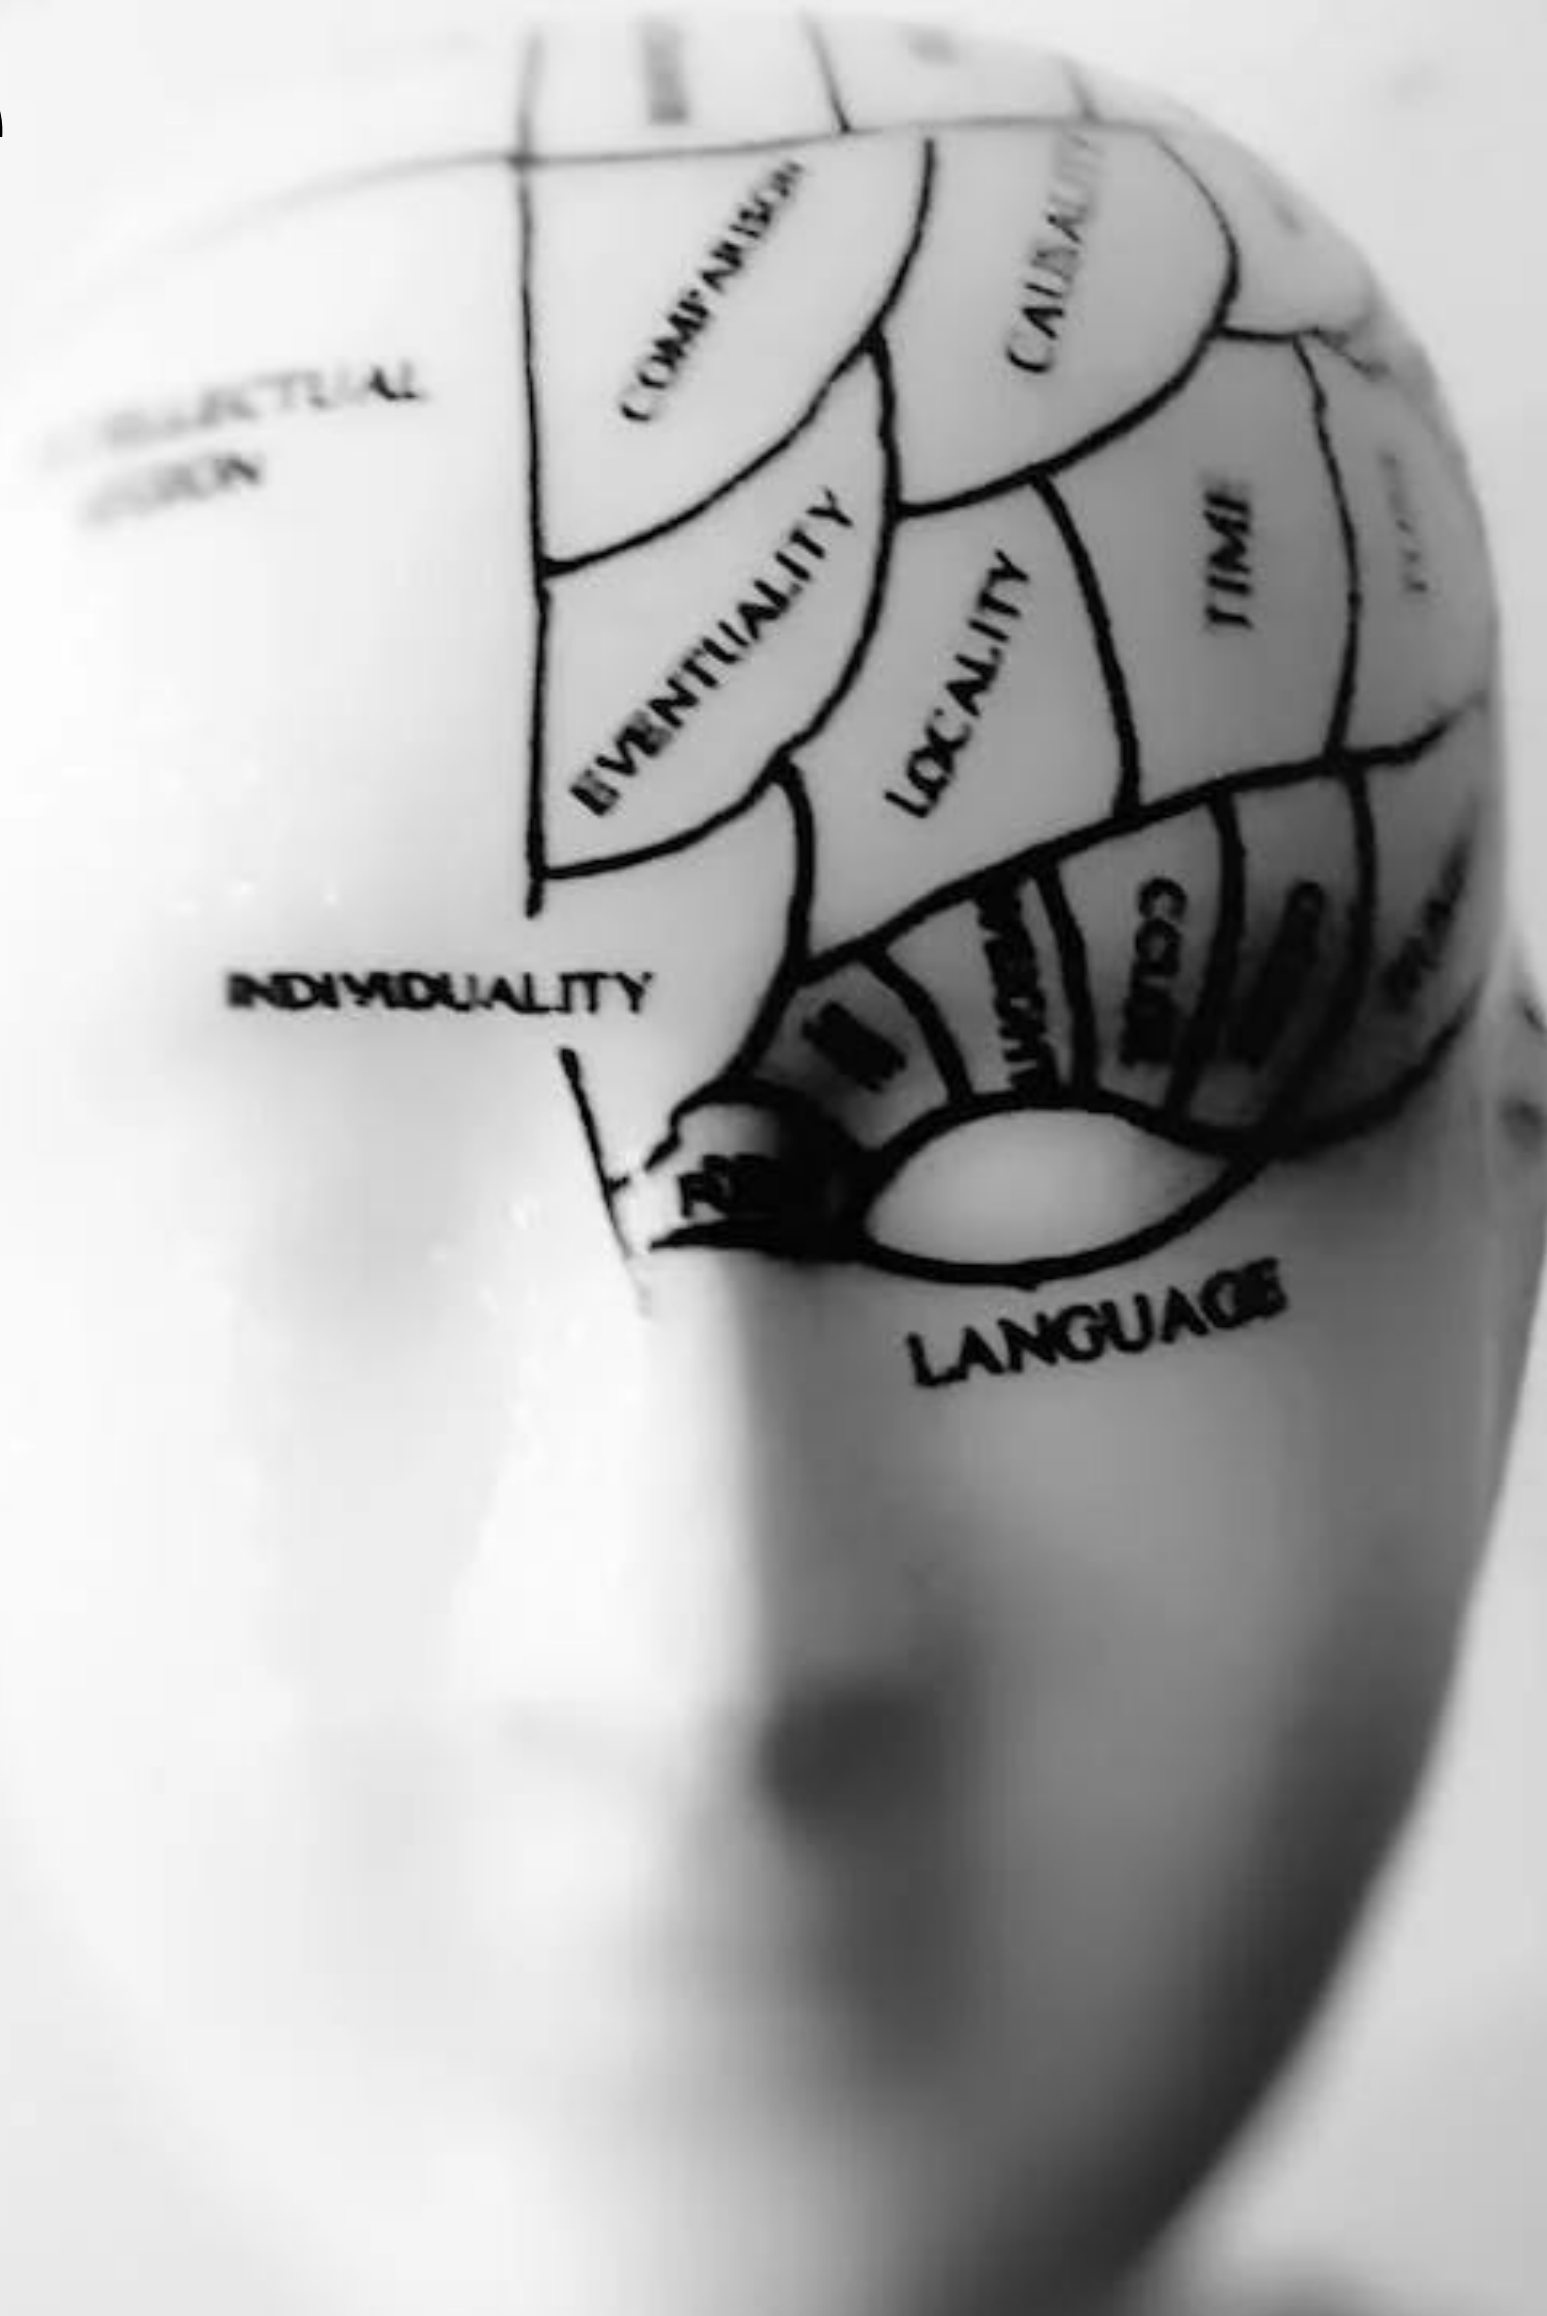

Reading Code

The bigger picture

Science:

- Chunking

Reading Code

The bigger picture

But first:

- Check out the code
- See if you can build it

Demo time:
The big picture

Reading Code

Down to the details

Reading Code

Down to the details

- Find a starting point

Reading Code

Down to the details

- Search

Reading Code

Down to the details

- Navigate

Demo time:
Down to the details

Find a starting point

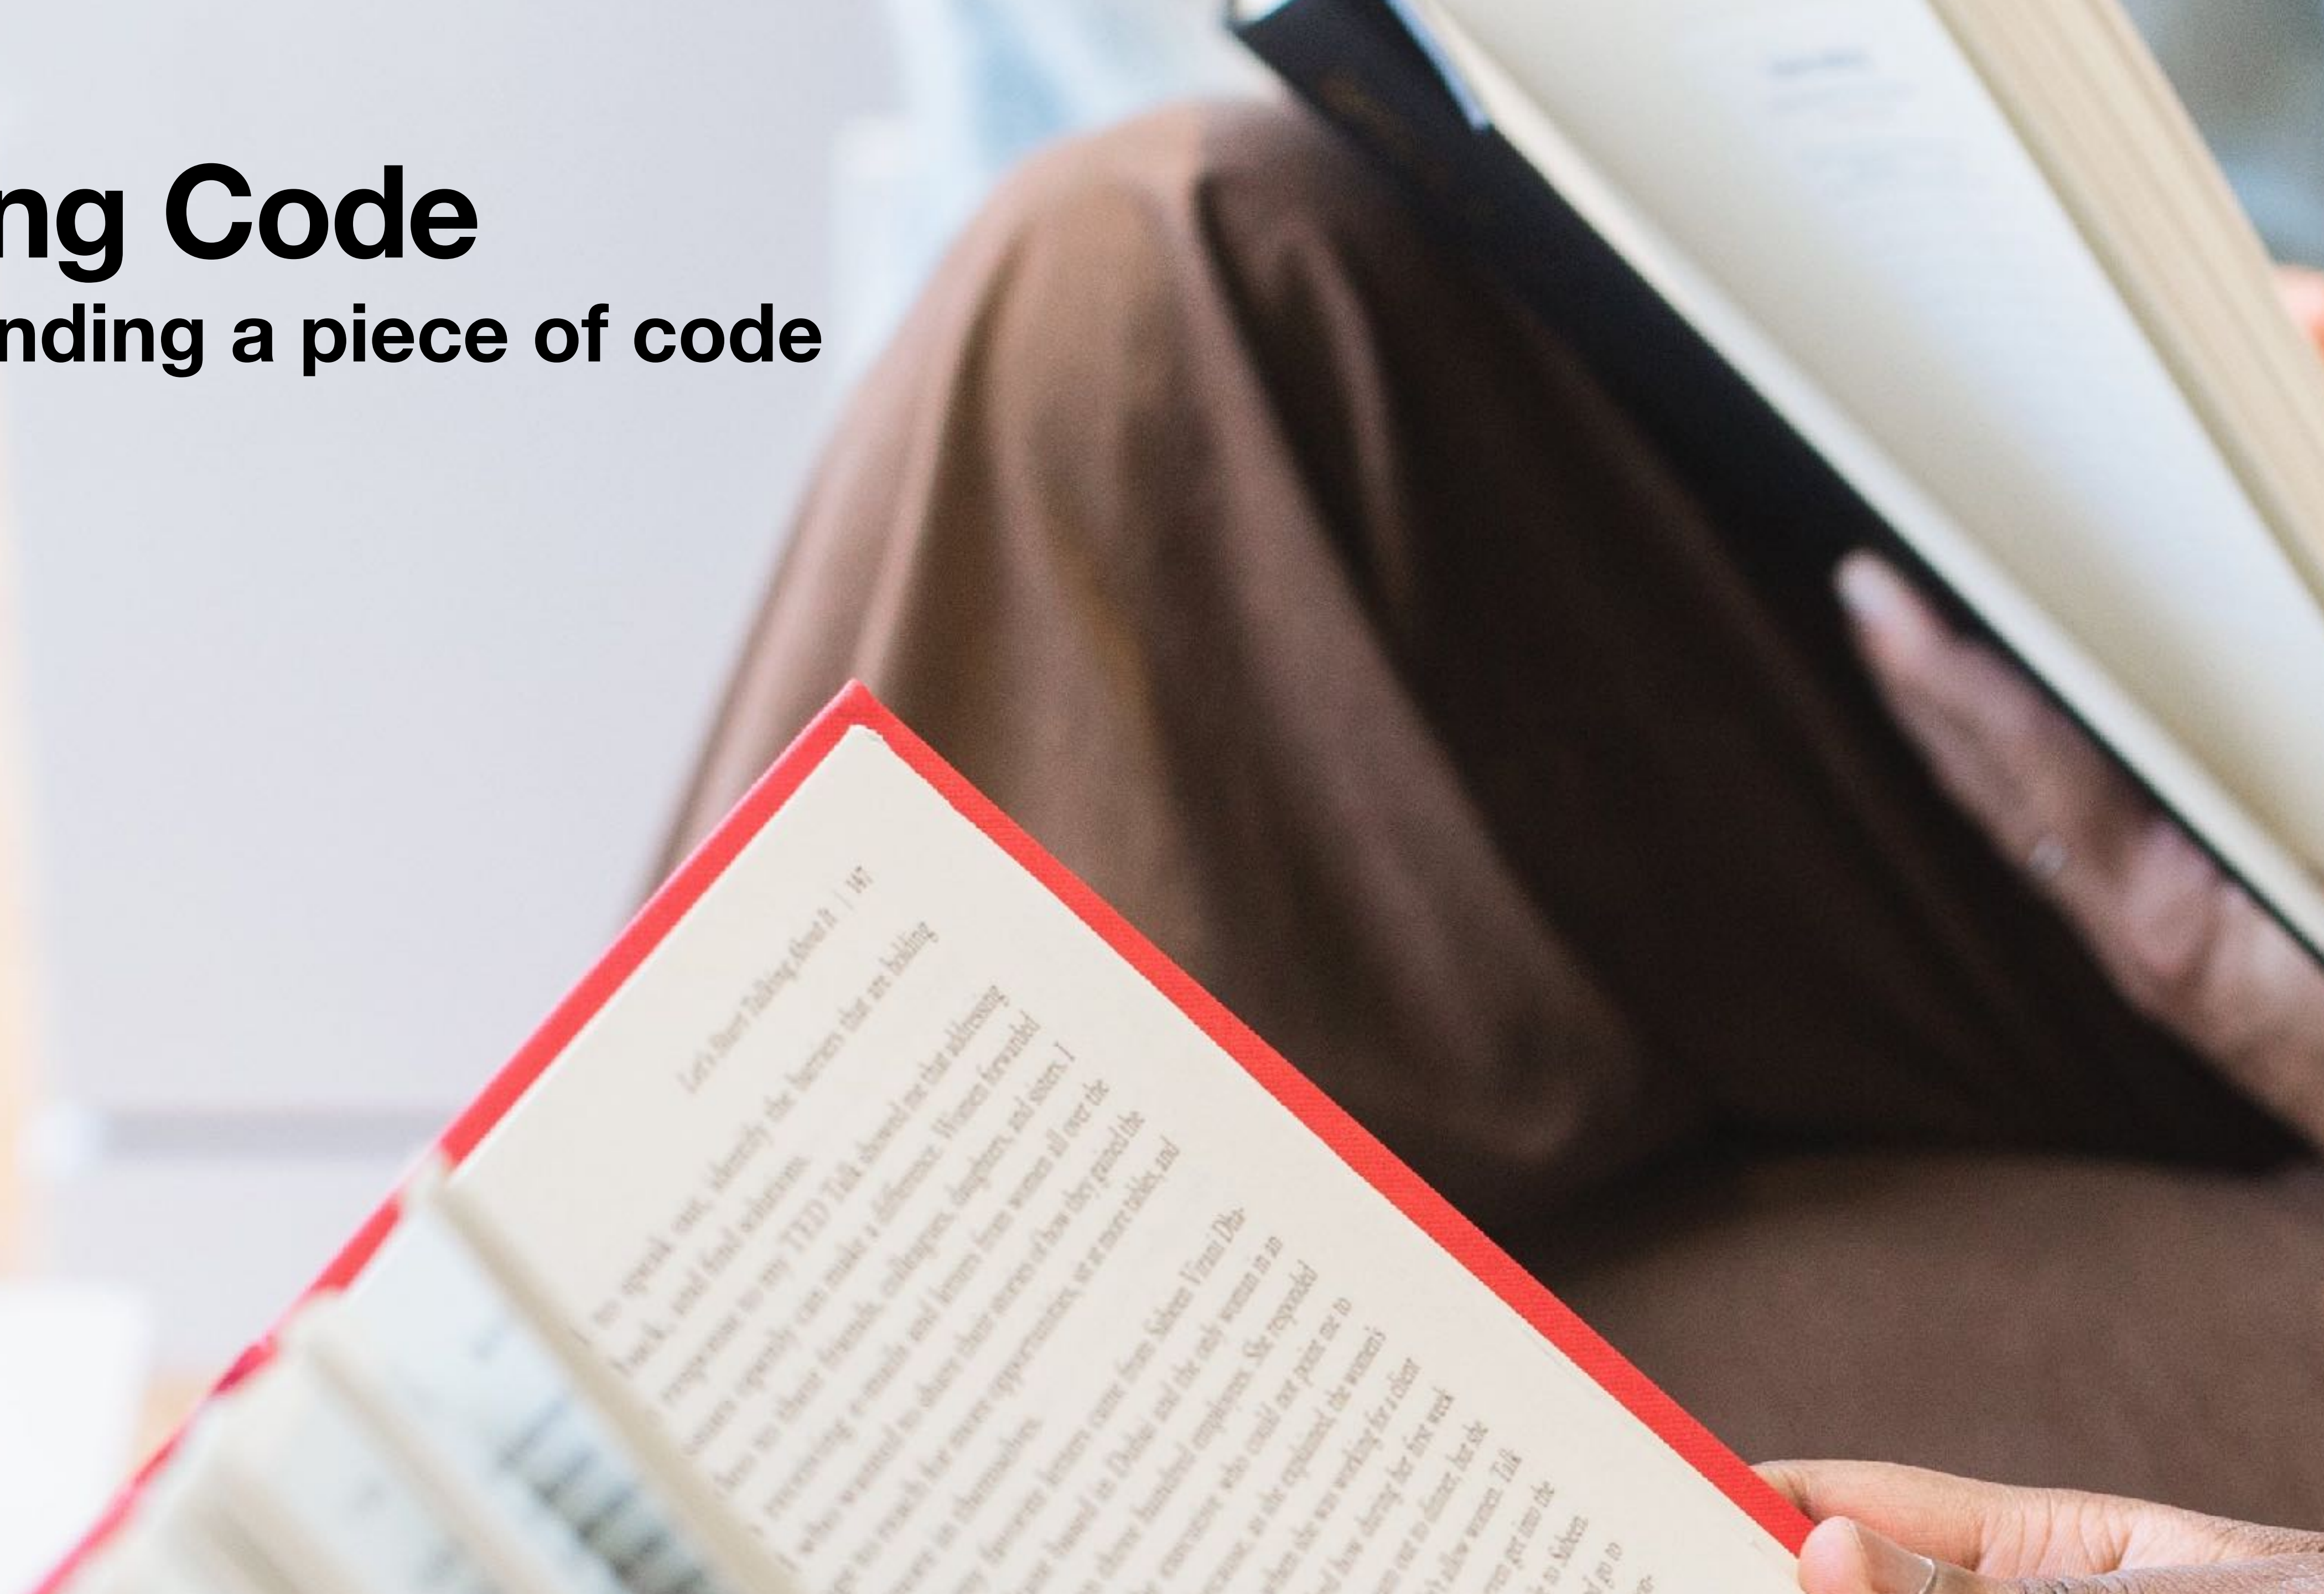

Search

Navigate

Reading Code

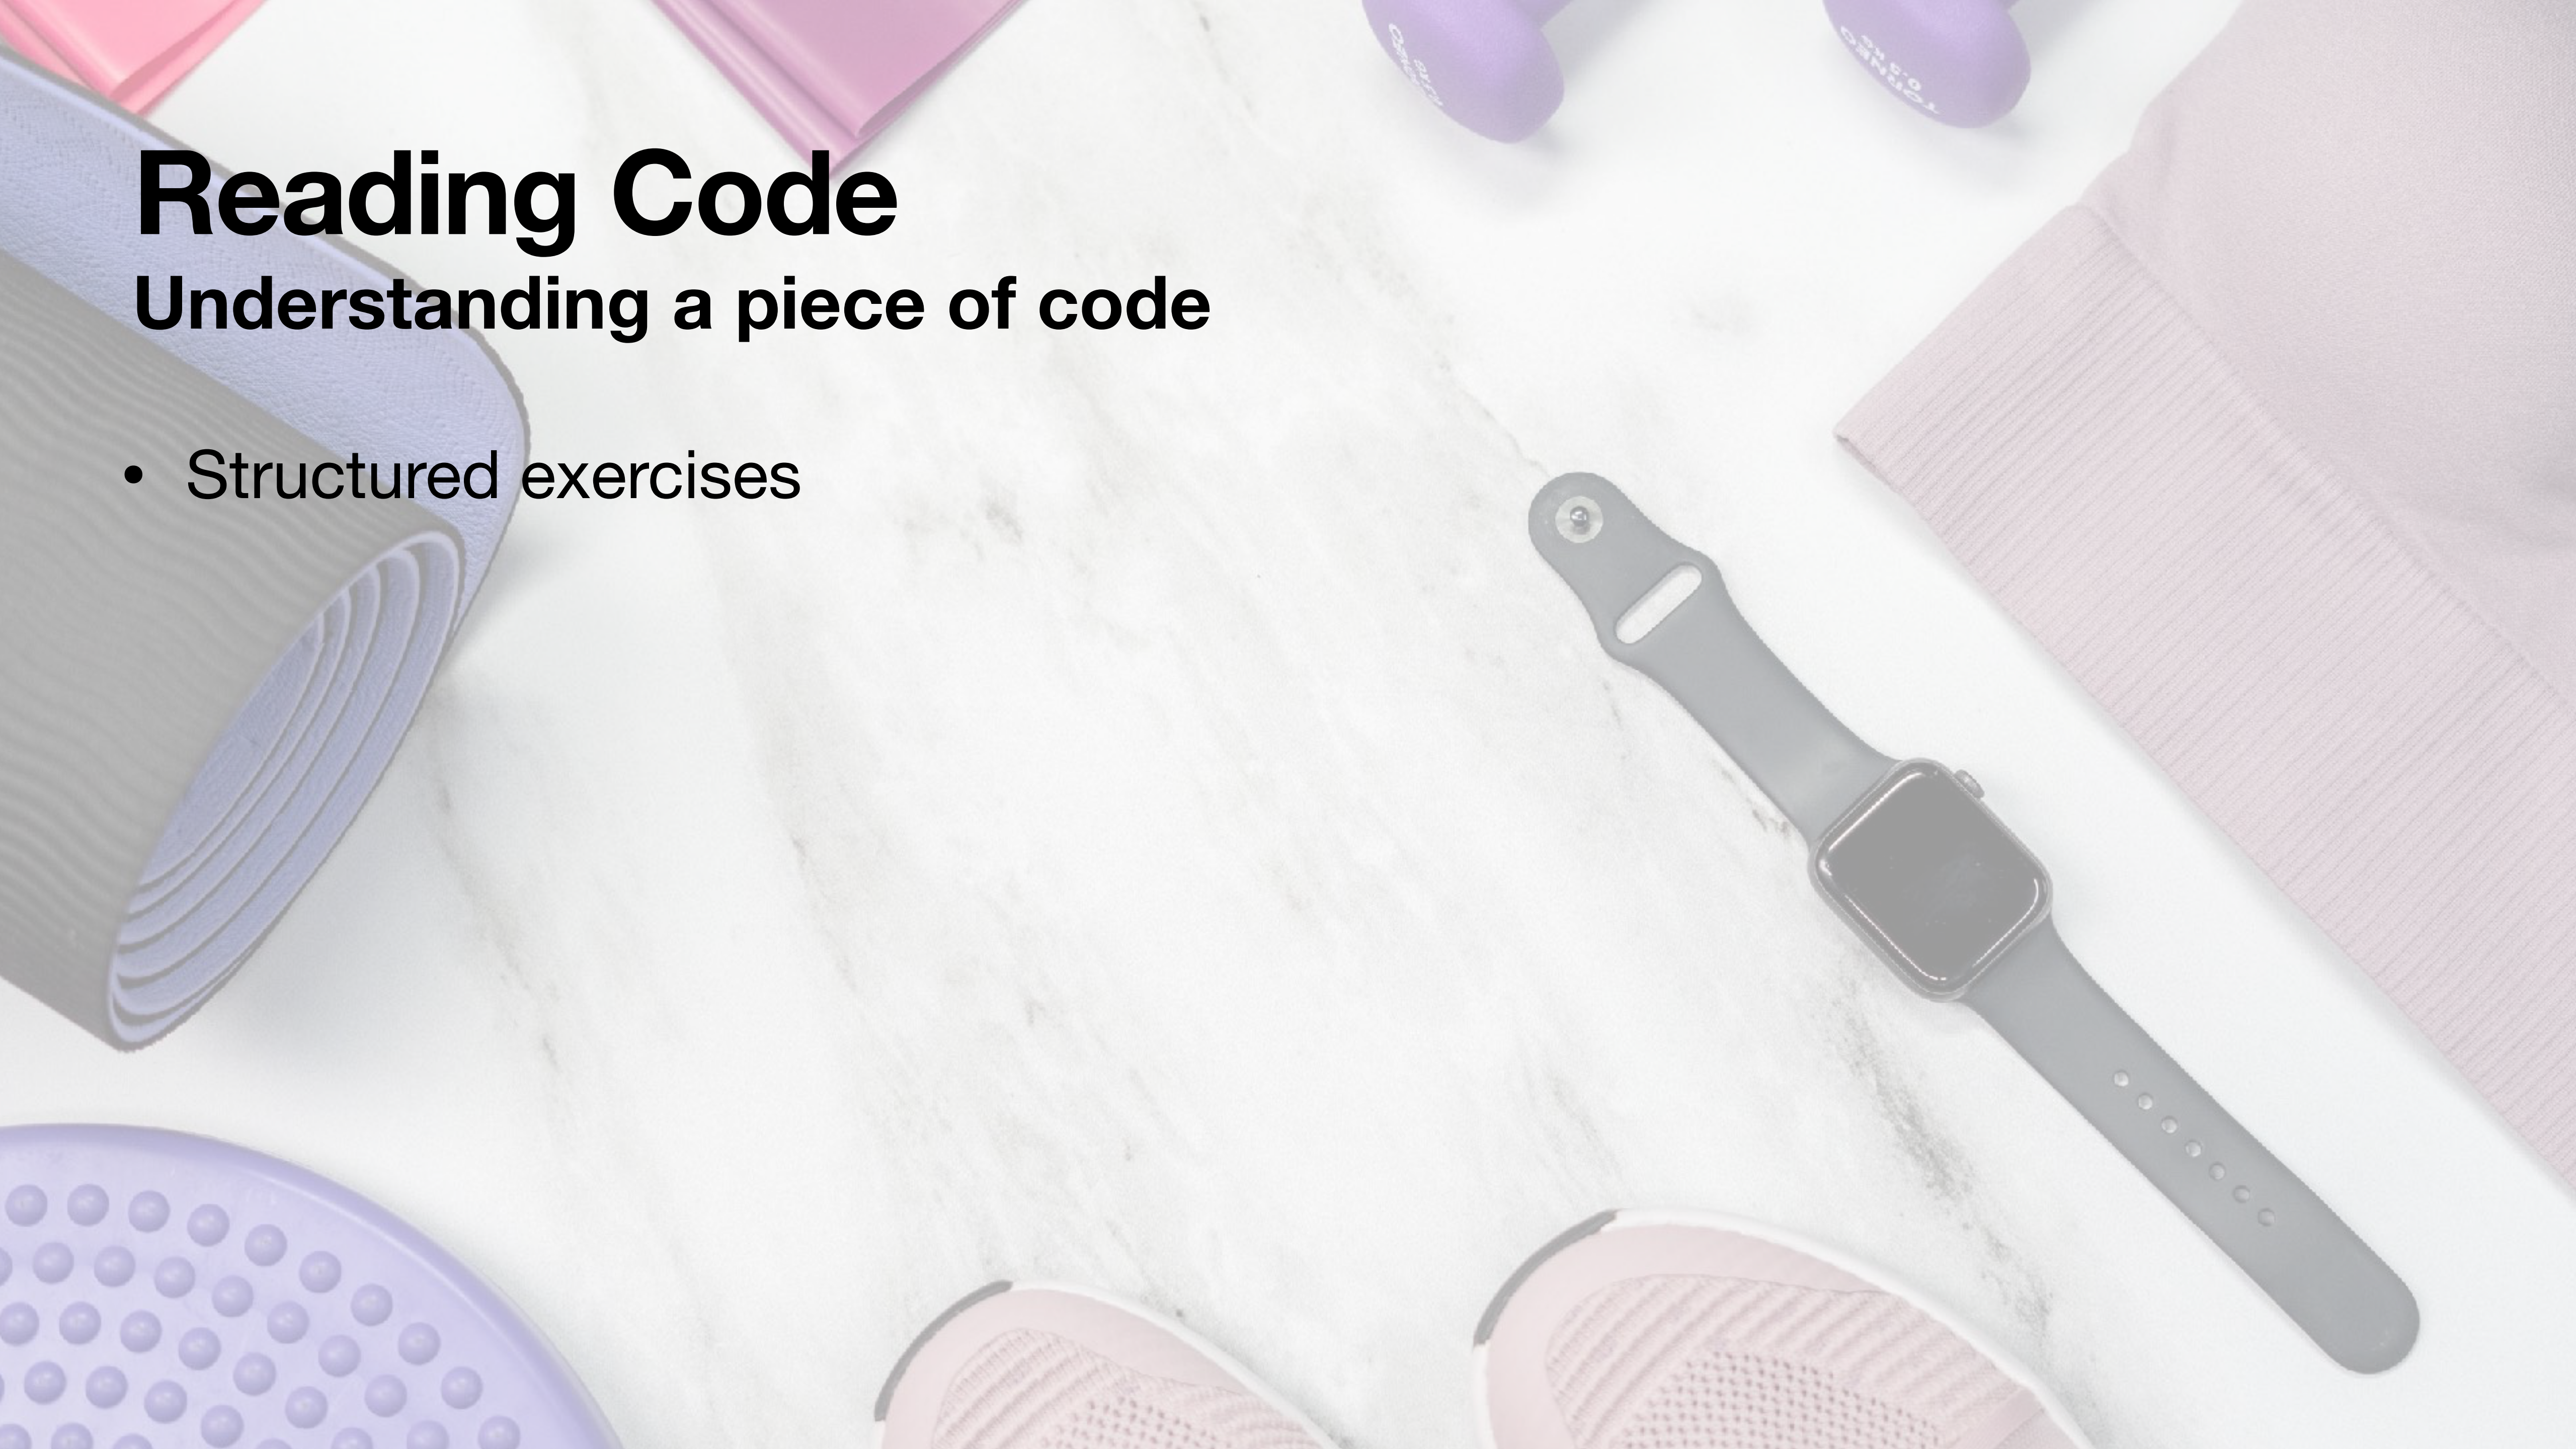

Understanding a piece of code

Reading Code

Understanding a piece of code

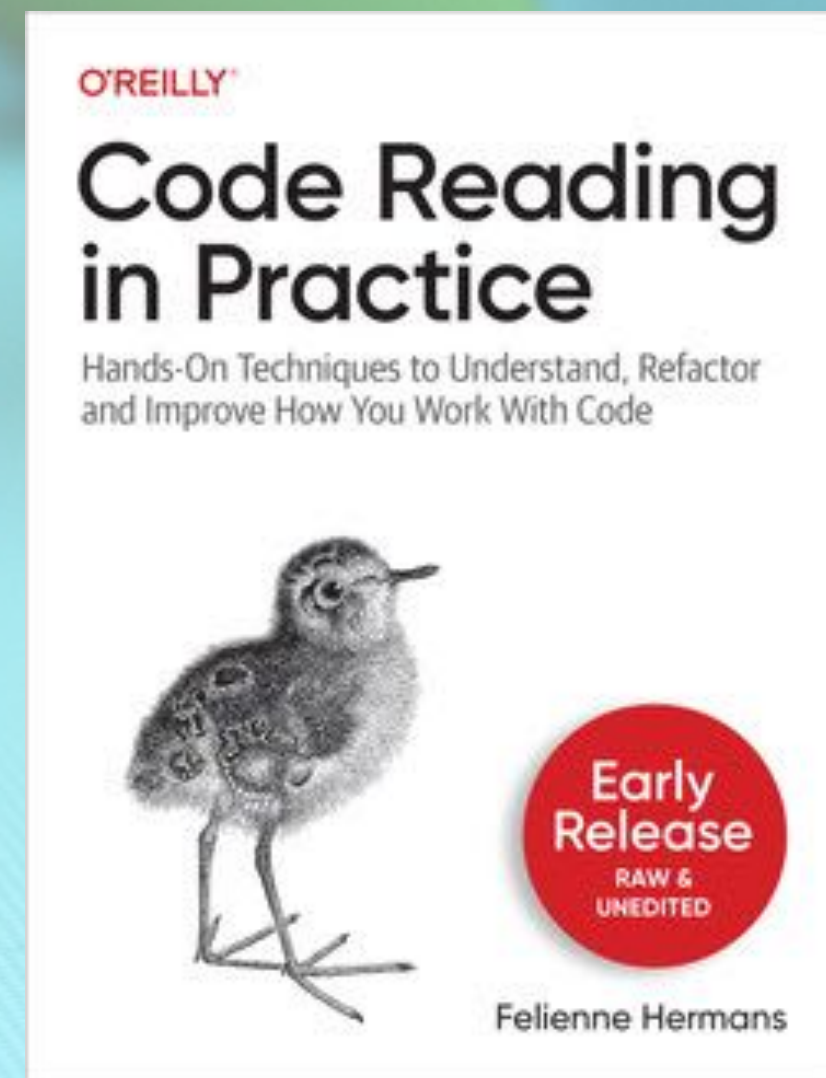

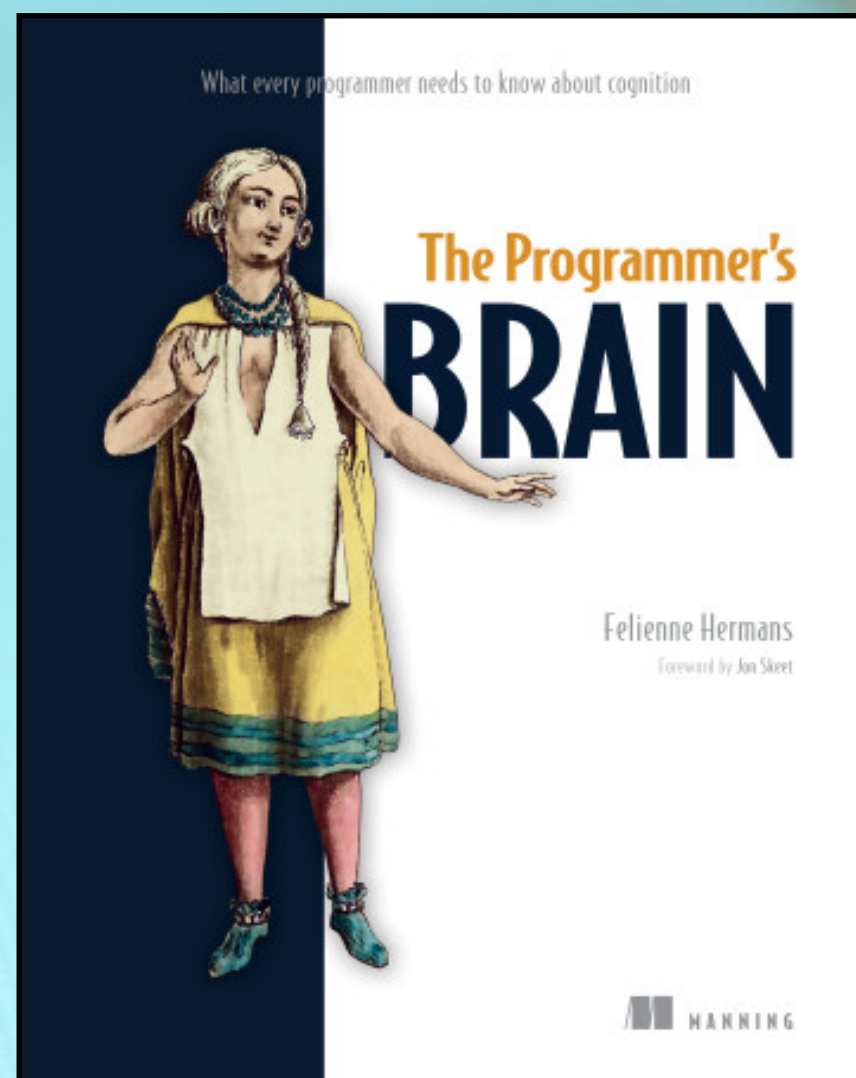

- Structured exercises

Reading Code

Understanding a piece of code

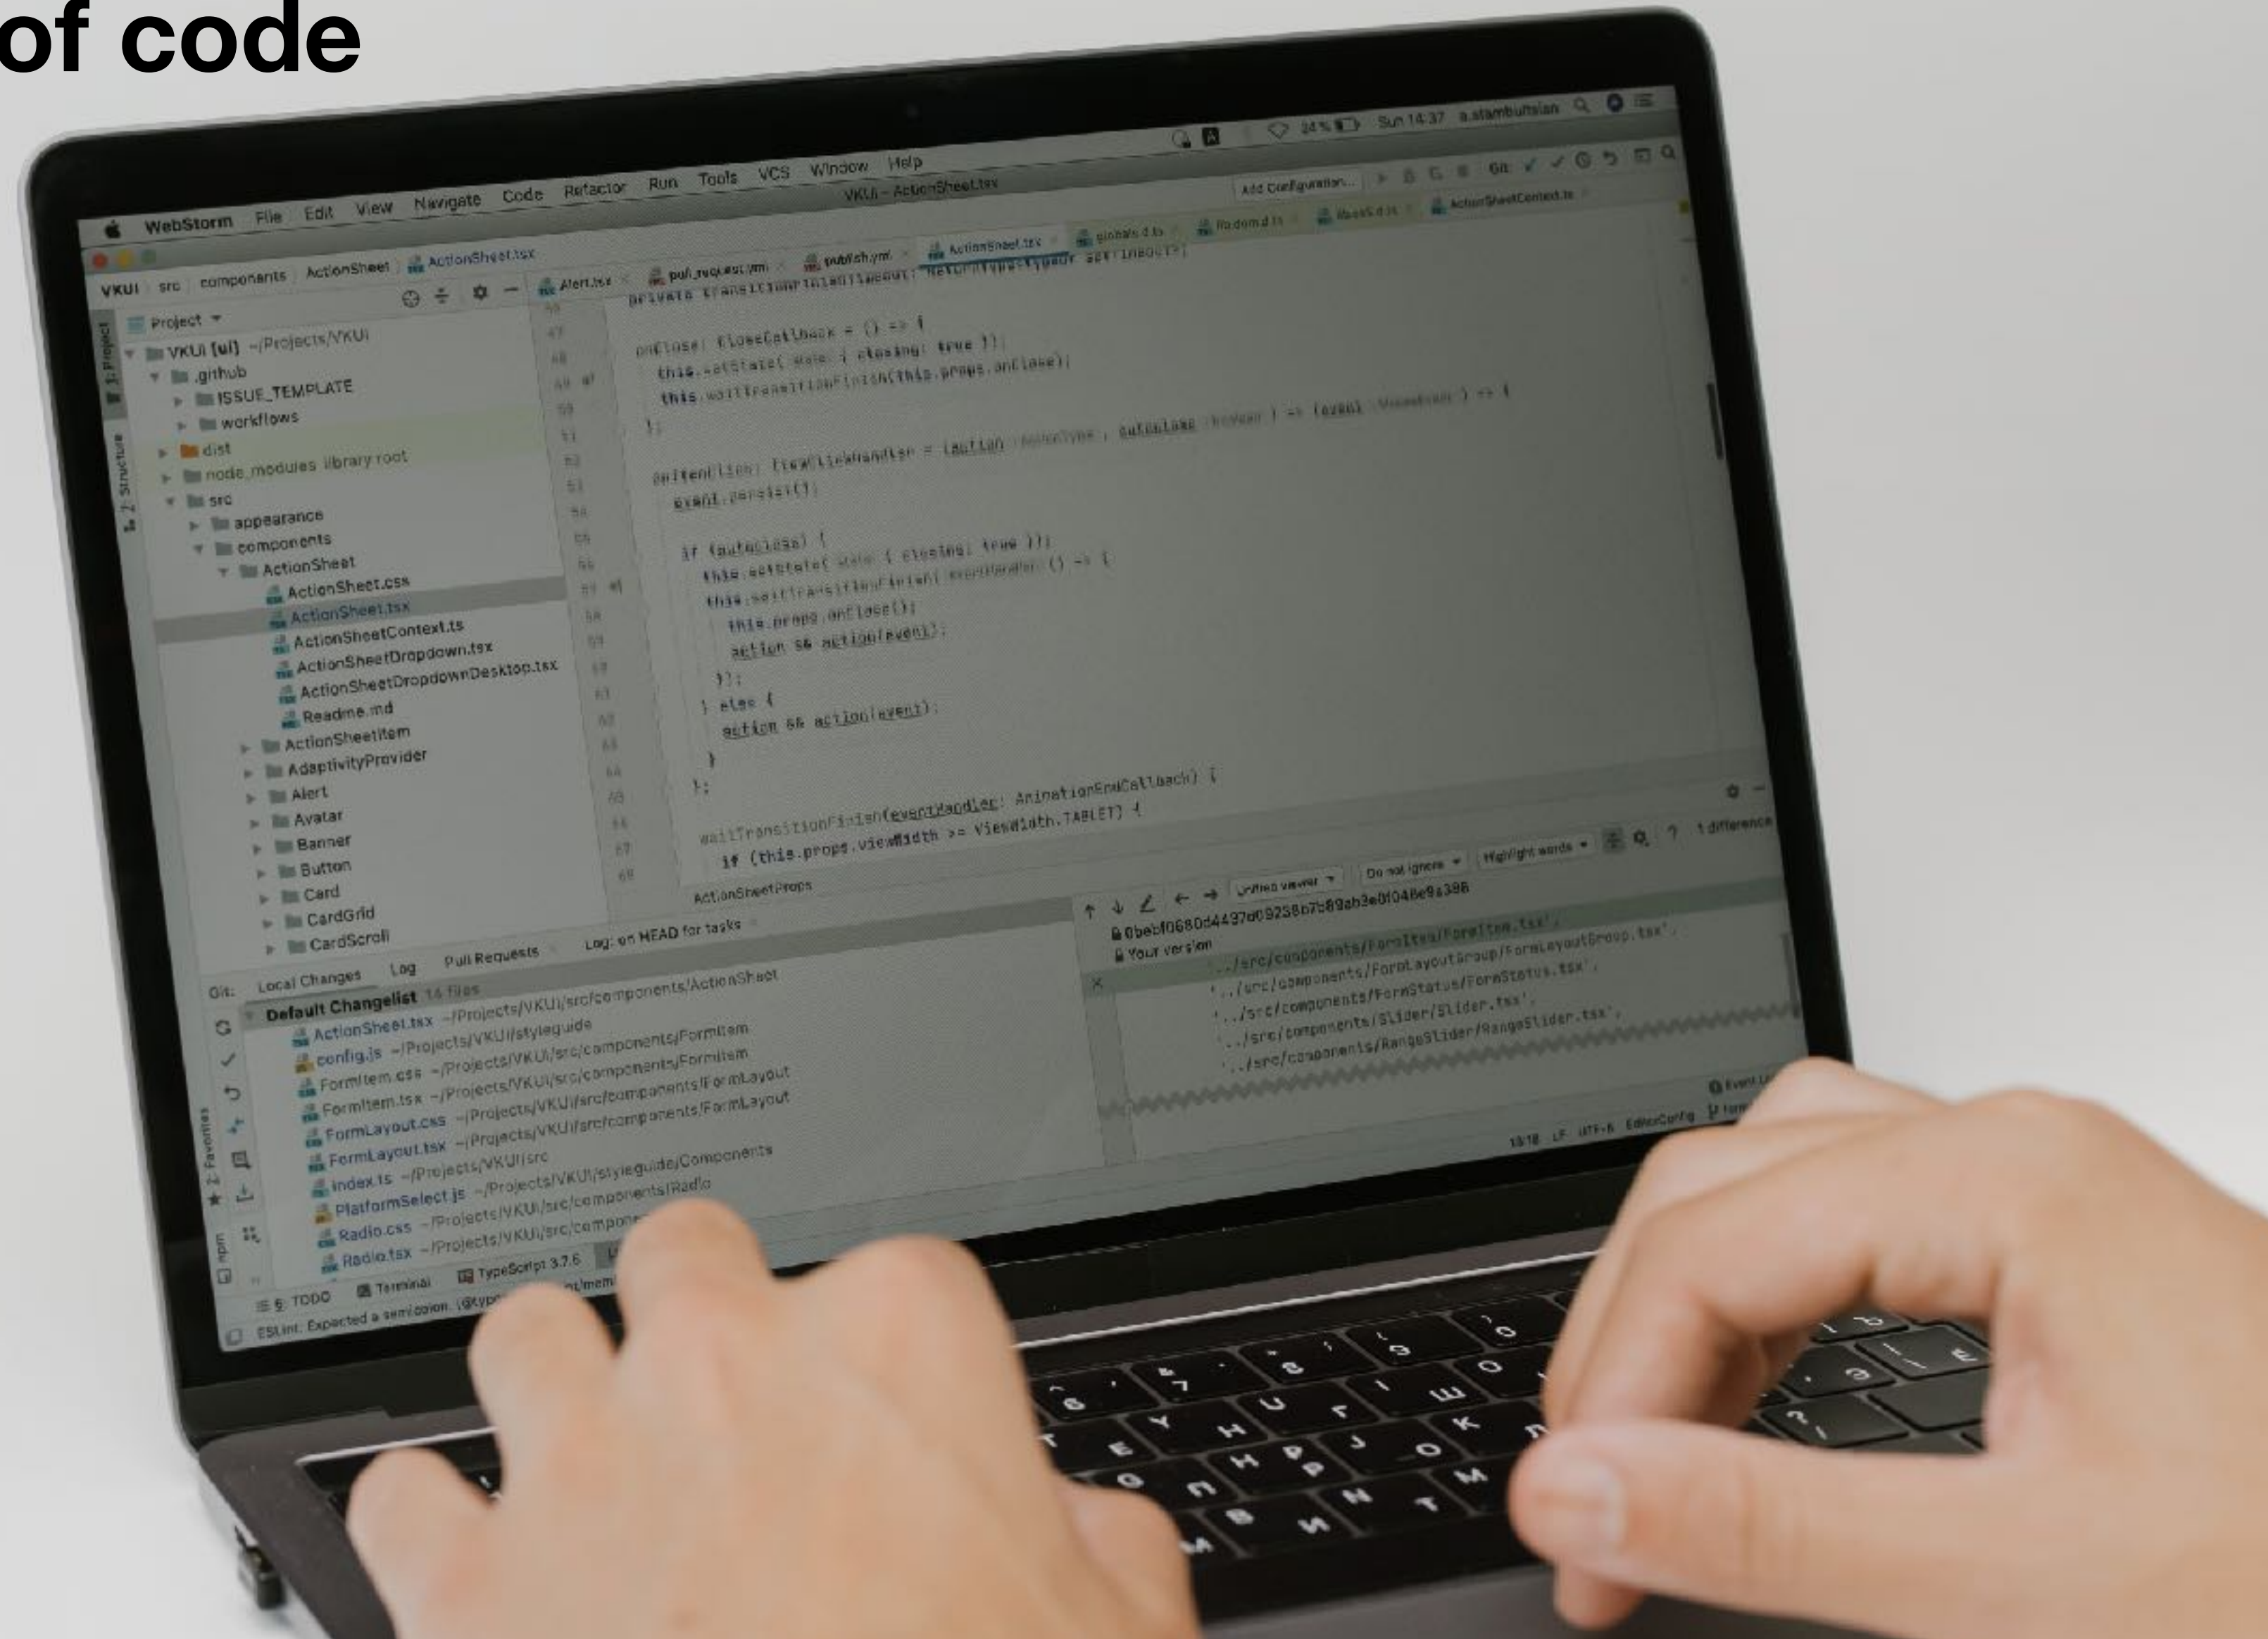

- Structured exercises
 - Code Reading Club Resources:
 - <https://github.com/CodeReadingClubs/Resources>
 - The Programmer's Brain - Felienne Hermans
 - Code Reading in Practice - Felienne Hermans & Gien Verschatsse

Reading Code

Understanding a piece of code

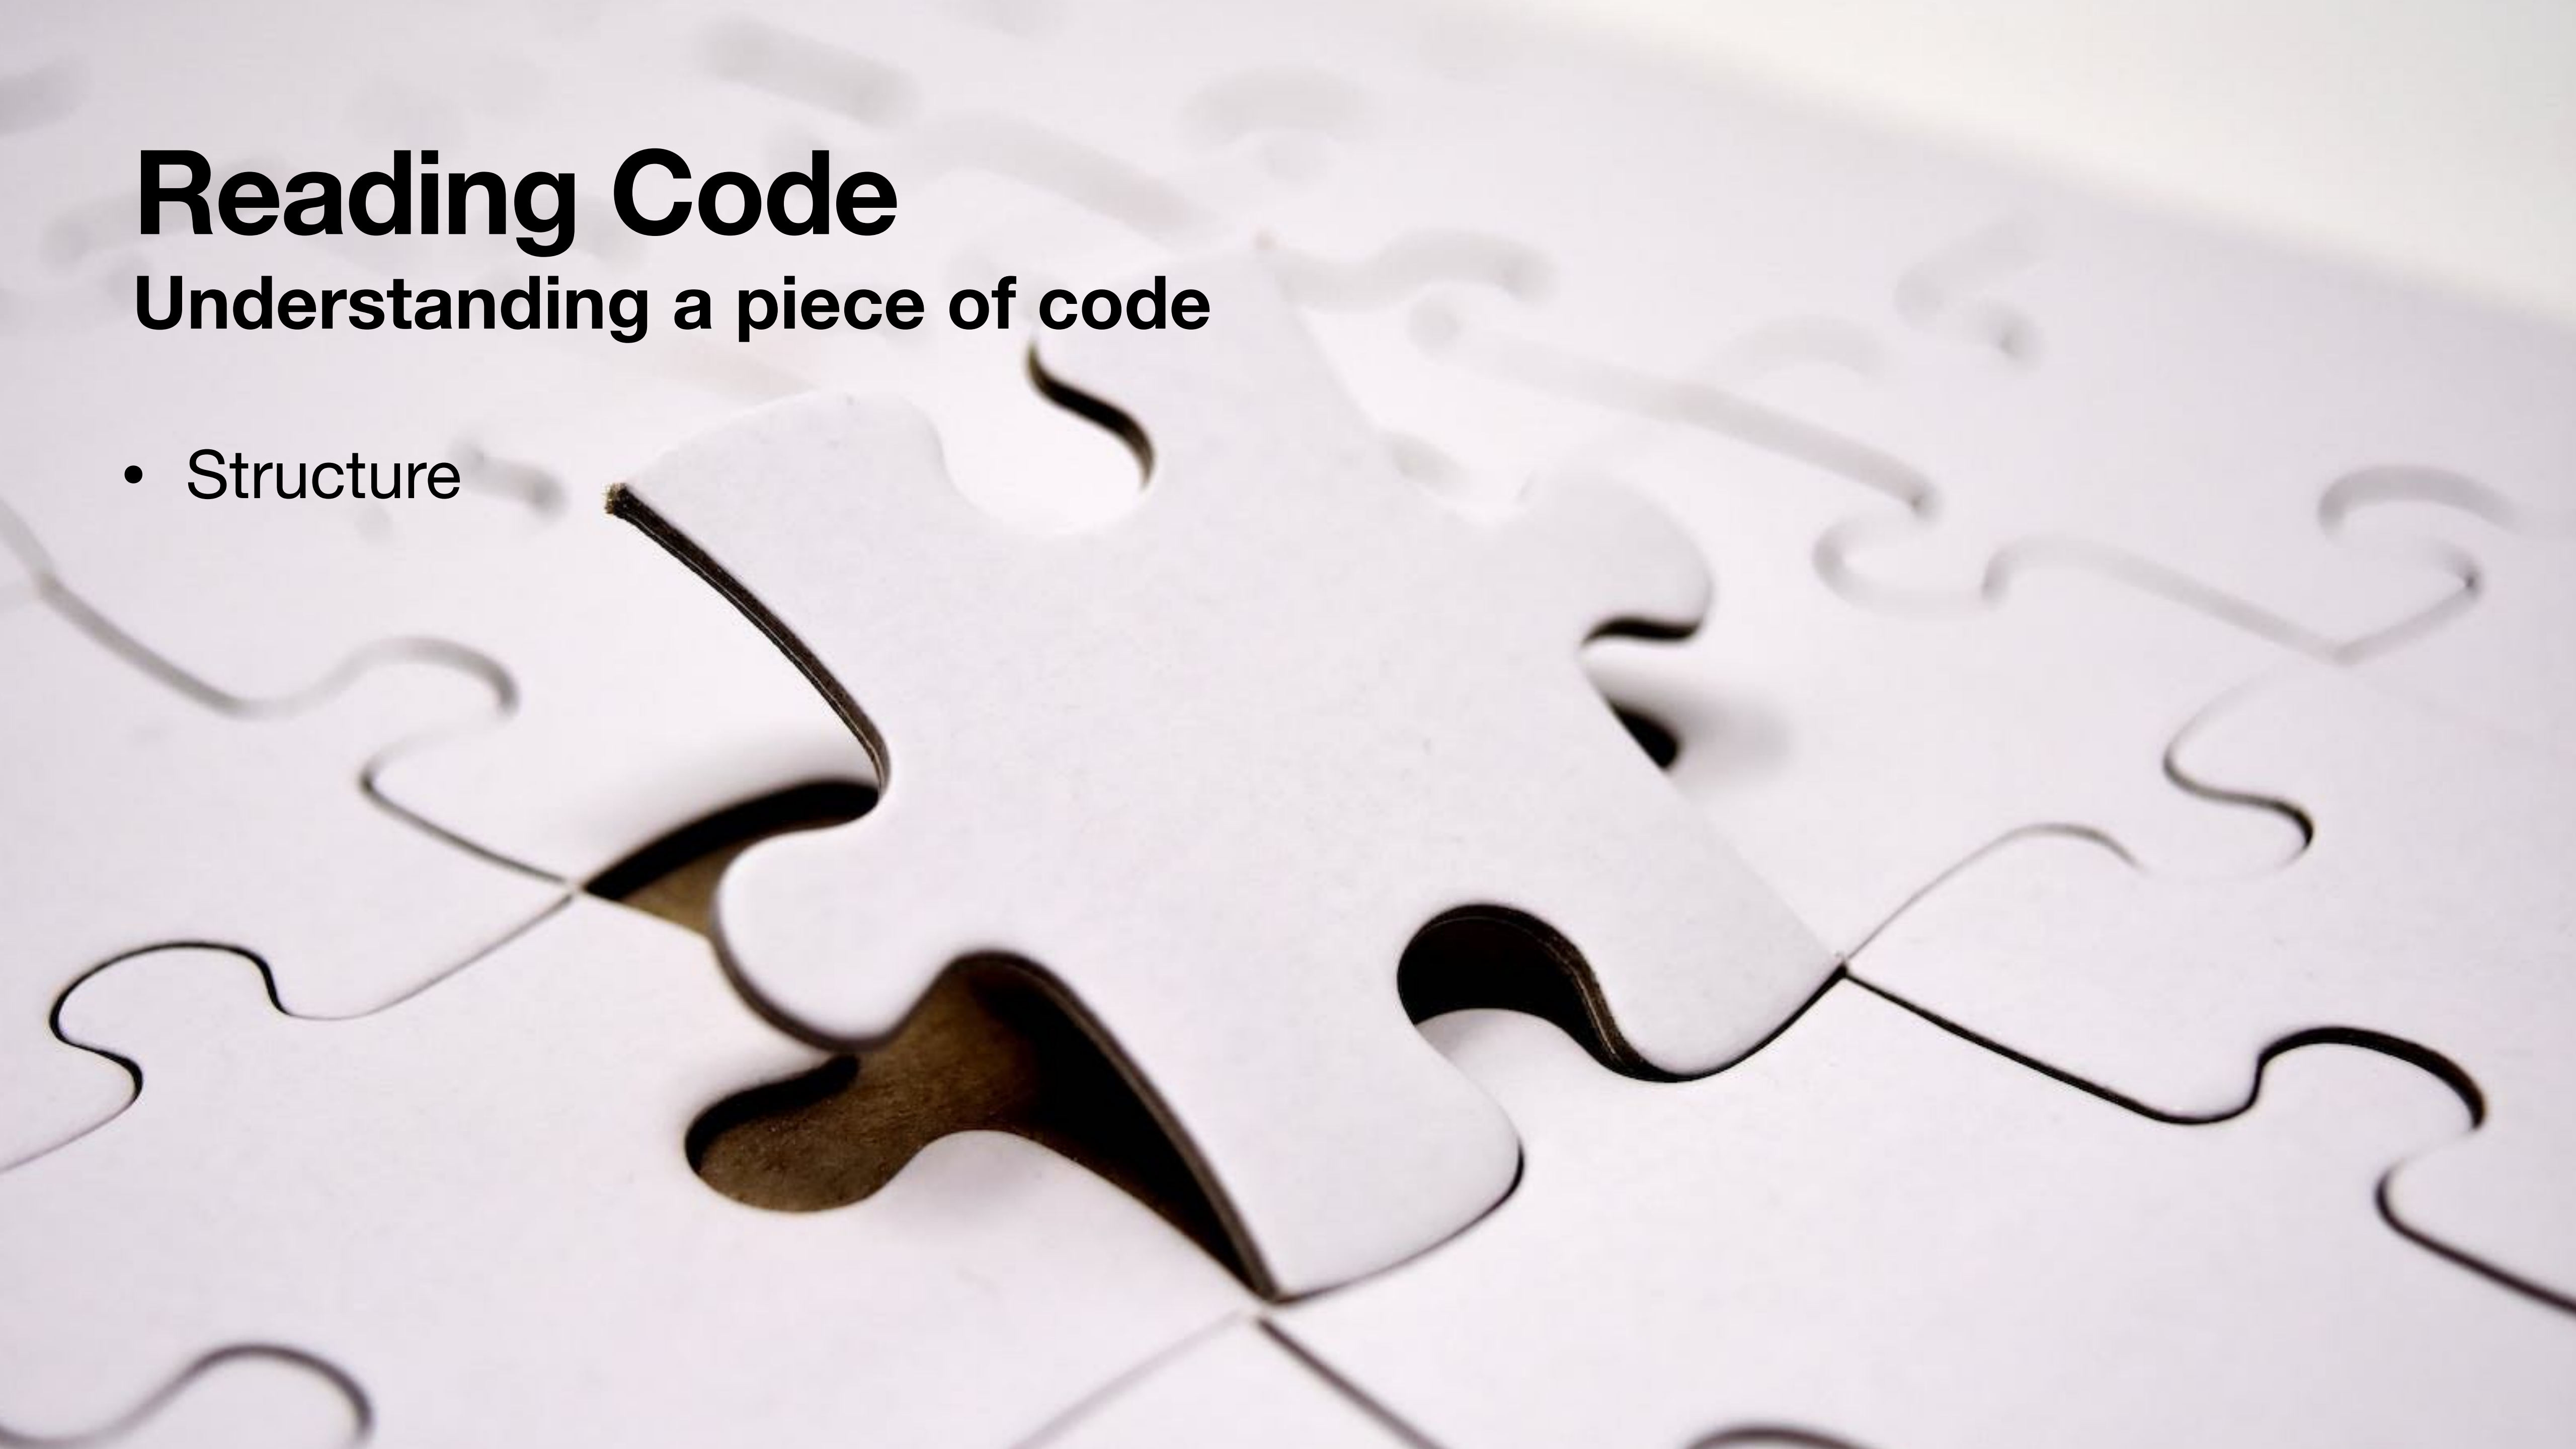

- Syntax

Reading Code

Understanding a piece of code

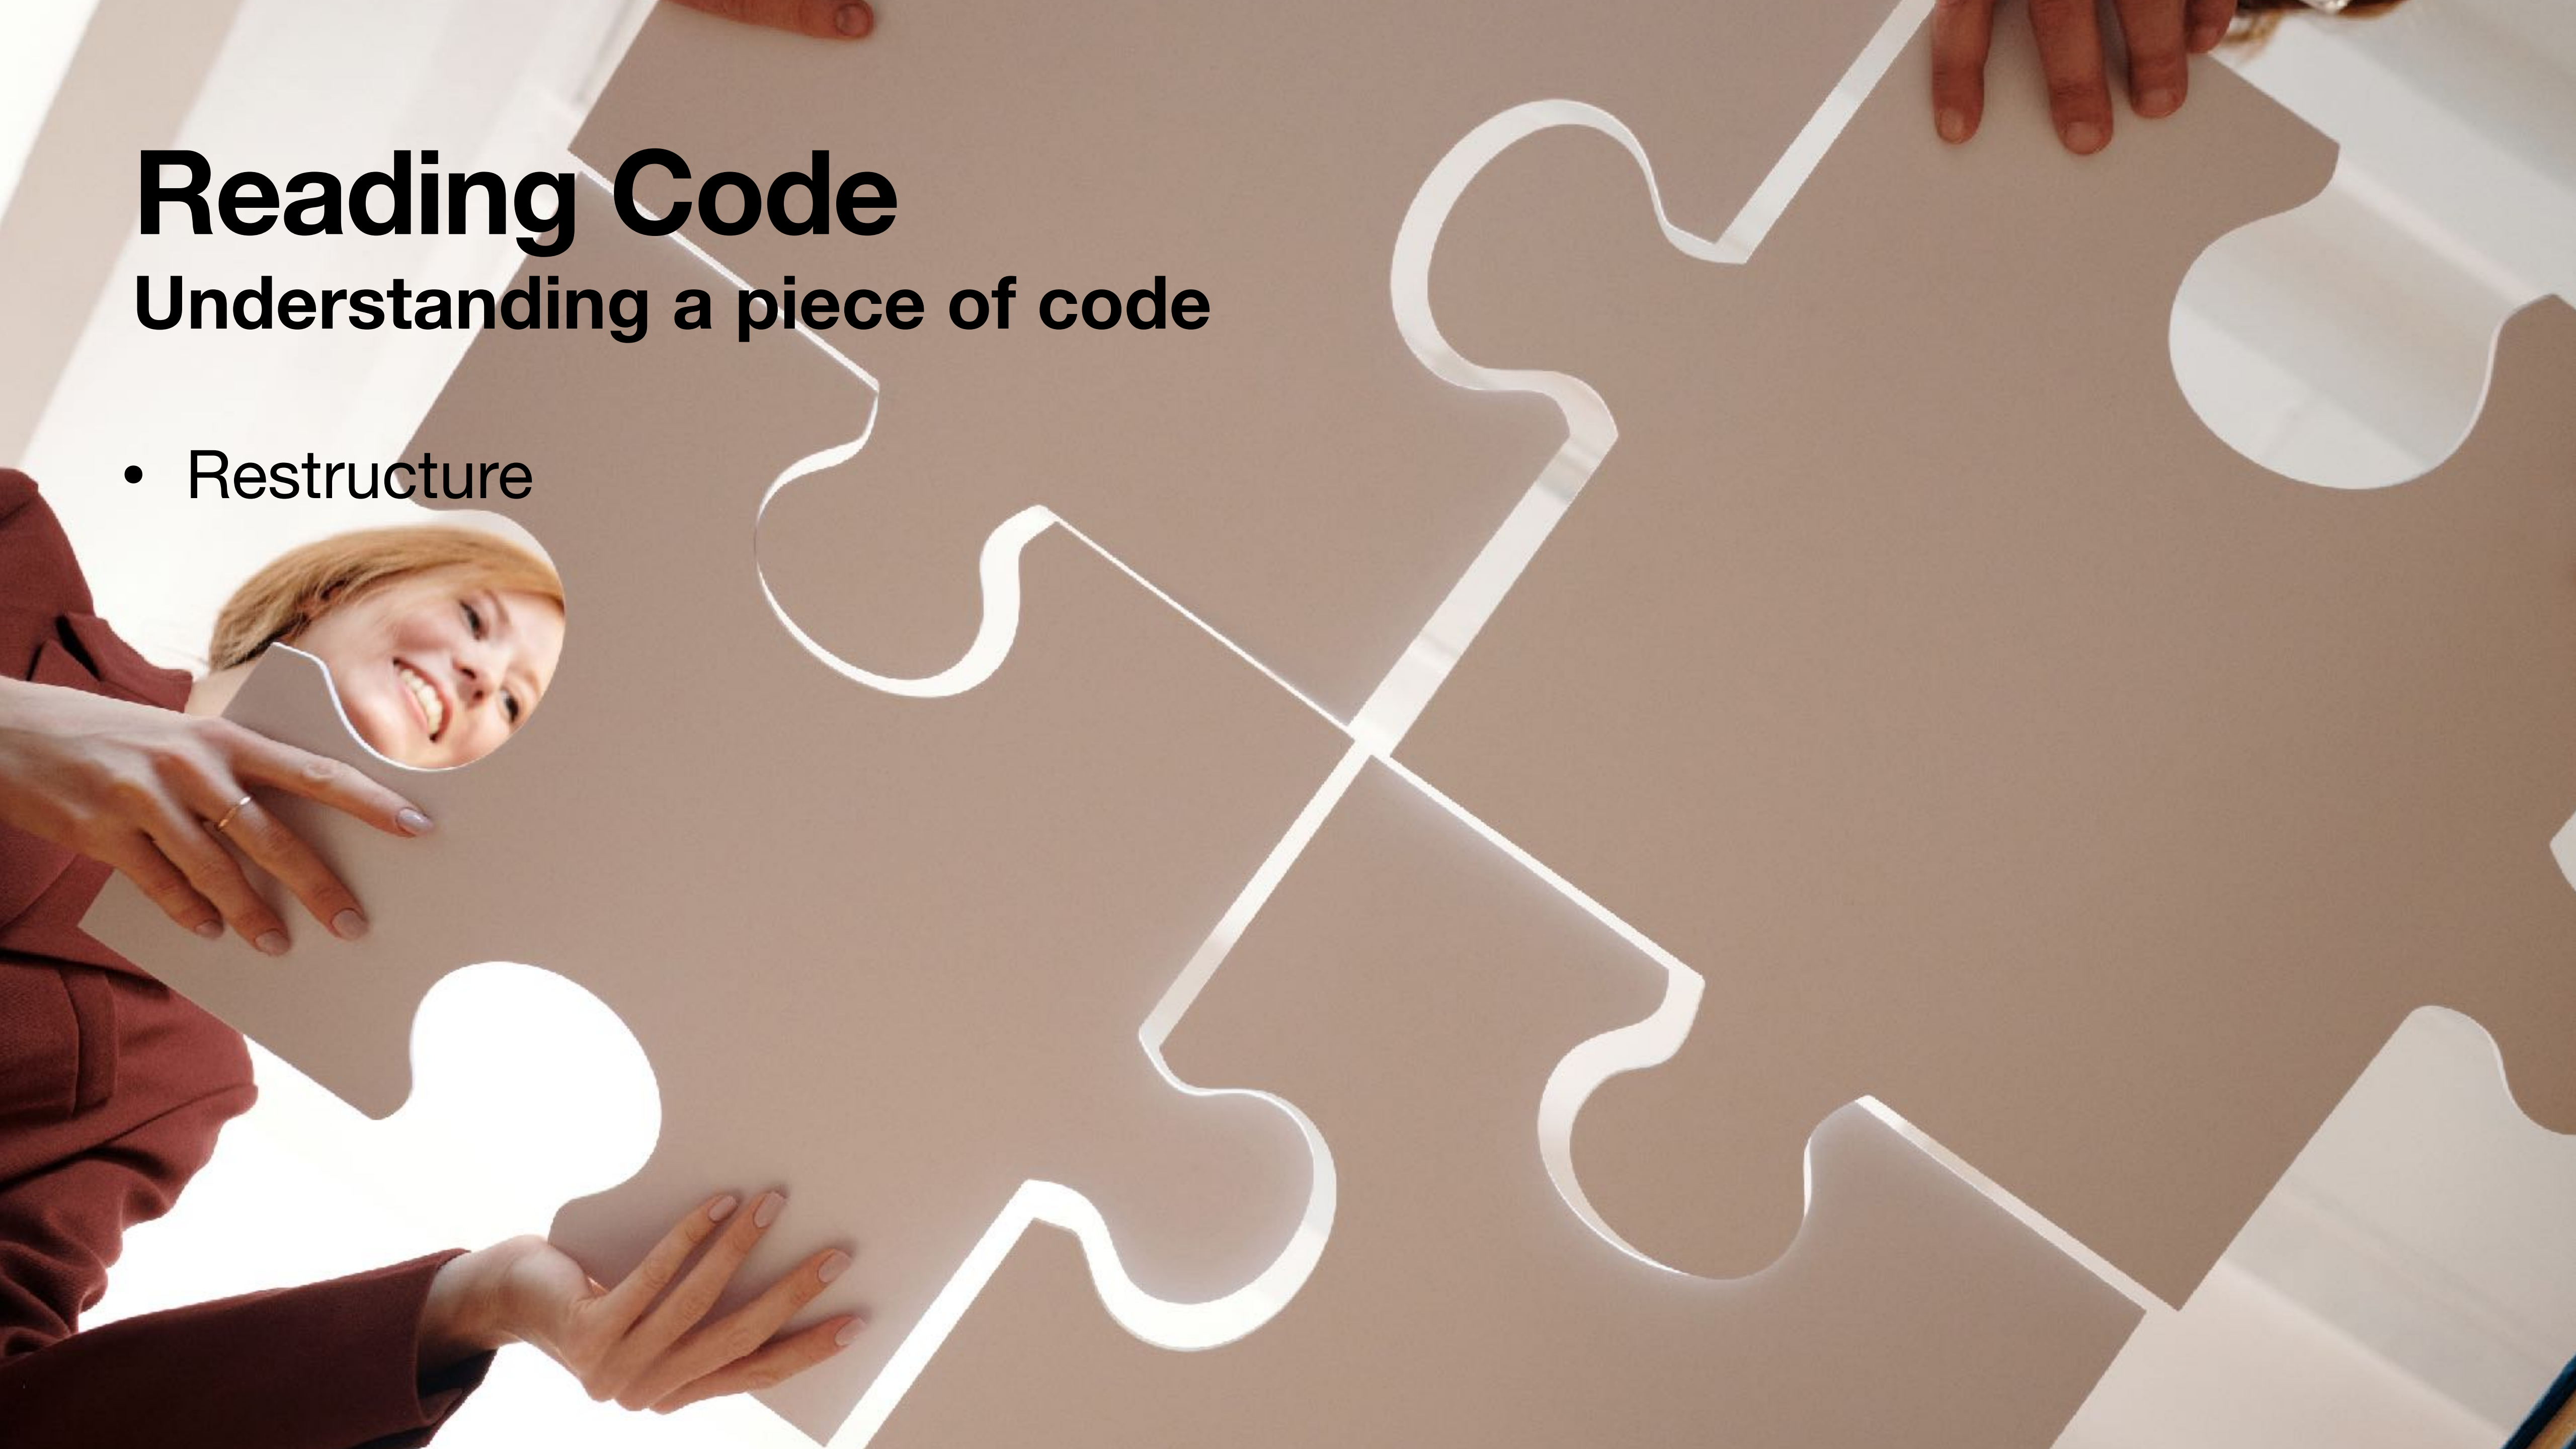

- Structure

Reading Code

Understanding a piece of code

- Restructure

Reading Code

Understanding a piece of code

- Behavior

Reading Code

Understanding a piece of code

- Context

**Demo time:
Understanding a
piece of code**

Syntax highlighting & other hints

Structure / Restructure

Behavior

Context

Reading code

Summary

- Clone & build project
- Components & Concepts
- Relationships / Dependencies
- Find a place to start
- Search
- Navigate
- Find a way to start
- Structured exercises
- Syntax
- Structure / Restructure
- Behavior
- Context

Reading Code

Next steps

- Do try this at home
